## Tennessee FSA Updates

---

### Tennessee FSA Office

579 Federal Building  
Nashville, TN 37203

Phone: 615-277-2600  
Fax: 615-277-2659

**State Executive Director:**  
Gene Davidson

**Administrative Officer:**  
Tyeisha Samples

**Farm Loan Chief:**  
Frank Rodgers

**Acting Farm Programs Chief:**  
Pat Gibson

### NEW COUNTY COMMITTEE ELECTION BALLOTS TO BE MAILED

The County Committee Election ballots that were mailed to producers on Nov. 4 were incorrectly printed with the producer's name and address on the back of the ballot. County committee elections must use a secret ballot so the misprinted ballots cannot be used. Please destroy or recycle the misprinted ballot. If you have already voted, your ballot will be destroyed unopened.

**New ballots will be mailed to producers on December 20, 2013.** These ballots will indicate that they are the corrected ballot in several places, including on the outside of the mailing, on the ballot and on the outside of the return envelope.

**The corrected ballot must be returned to your local County FSA Office or postmarked by January 17, 2014.** All newly elected county committee members will take office February 18, 2014. All county committee members whose term expires on Dec. 31, 2013, will have their term extended to January 31, 2014.

County committee members are an important component of the operations of FSA and provide a link between the agricultural community and USDA. Farmers and ranchers elected to county committees help deliver FSA programs at the local level, applying their knowledge and judgment to make decisions on commodity price support programs; conservation programs; incentive indemnity and disaster programs for some commodities; emergency programs and eligibility. FSA committees operate within official regulations designed to carry out federal laws.

To be an eligible voter, farmers and ranchers must participate or cooperate in an FSA program. A person who is not of legal voting age, but supervises and conducts the farming operations of an entire farm may also be eligible to vote.

More information on county committees, such as the new 2013 fact sheet and brochures, can be found on the FSA website at [www.fsa.usda.gov/elections](http://www.fsa.usda.gov/elections) or at a local USDA Service Center.

## **FSA ADVISES PRODUCERS TO ANTICIPATE PAYMENT REDUCTIONS DUE TO MANDATED SEQUESTER**

USDA's Farm Service Agency (FSA) is reminding farmers and ranchers who participate in FSA programs to plan accordingly in FY2014 for automatic spending reductions known as sequestration. The Budget Control Act of 2011 (BCA) mandates that federal agencies implement automatic, annual reductions to discretionary and mandatory spending limits. For mandatory programs, the sequestration rate for FY2014 is 7.2%. Accordingly, FSA is implementing sequestration for the following programs:

- Dairy Indemnity Payment Program;
- Marketing Assistance Loans;
- Loan Deficiency Payments;
- Sugar Loans;
- Noninsured Crop Disaster Assistance Program;
- Tobacco Transition Payment Program;
- 2013 Direct and Counter-Cyclical Payments;
- 2013 Average Crop Revenue Election Program;
- 2011 and 2012 Supplemental Revenue Assistance Program;
- Storage, handling; and Economic Adjustment Assistance for upland cotton

Conservation Reserve Program payments are specifically exempt by statute from sequestration, thus these payments will not be reduced.

These sequester percentages reflect current law estimates; however with the continuing budget uncertainty, Congress still may adjust the exact percentage reduction. Today's announcement intends to help producers plan for the impact of sequestration cuts in FY2014.

At this time, FSA is required to implement the sequester reductions. Due to the expiration of the Farm Bill on September 30, FSA does not have the flexibility to cover these payment reductions in the same manner as in FY13. FSA will provide notification as early as practicable on the specific payment reductions.

For information about FSA programs, visit your county USDA Service Center or go to [www.fsa.usda.gov/](http://www.fsa.usda.gov/).

---

## **FSA ANNOUNCES THE RESUMPTION OF 2013 CROP COMMODITY LOAN DISBURSEMENTS**

The Farm Service Agency has resumed processing and disbursement of 2013 crop commodity loans. Crop year 2013 commodity loan-making was suspended Oct. 1, 2013, to make changes necessary to accommodate the automatic funding reductions known as sequester.

The commodity loan programs provide interim financing to producers for agricultural commodities stored after harvest and then sold throughout the year. Producers requesting 2013 crop commodity loans on their harvested commodities now will have a 5.1 percent reduction to the loan amount upon its disbursement, due to the sequestration. Commodity loans issued by marketing associations and loan servicing agents are also subject to the sequestration reduction.

During the period that loan-making was suspended, producers were still able to submit loan applications to their county FSA offices, marketing associations and loan servicing agents. The processing and disbursement of these applications will begin immediately.

For further information about commodity marketing loans, farmers may contact their local FSA office or go online to [www.fsa.usda.gov/](http://www.fsa.usda.gov/).

---

## **MICROLOAN PROGRAM**

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals who are interested in applying for a microloan or would like to discuss other farm loan programs available should contact their local FSA office to set up an appointment with a loan official.

Individuals who are interested in applying for a microloan or would like to discuss other farm loan programs available should contact their local FSA office to set up an appointment with a loan official.

---

## **LOANS FOR THE SOCIALLY DISADVANTAGED**

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged applicants.

A socially disadvantaged applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, socially disadvantaged groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.
