181 Acting on FSA-901 (Continued)

D DD Review and Report of Initial FSA-901's

DD's shall review the first five FSA-901's submitted in each Service Center before approval. The review shall include the following:

- ensuring that FSA-901's are submitted by participant and County Office
- signature requirements, including power of attorney, are met
- no State or County Office developed forms, worksheets, applications, or other documents are being used to obtain or collect the data required from participants
- participants were informed of supporting data required for payment, such as CCC-502, CCC-526, AD-1026, and accurate subsidiary and SCIMS data.

Within 10 workdays of completing the review, DD shall provide a written report to SED describing the review findings, including a list of errors discovered, and the overall status of the implementation of 2005-2007 LCP in the County Office.

DD review of the initial FSA-901's and supporting documentation submitted is critical to ensuring 2005-2007 LCP is being administered according the procedures provided in this handbook and the regulations in 7 CFR Part 760, Subparts K and L.

Reviewing the initial FSA-901's and supporting documentation in a timely manner:

- identifies possible weaknesses in the administration of 2005-2007 LCP that may be resolved by additional training, clarified procedures, or modified software
- prevents numerous participants from being impacted by erroneous 2005-2007 LCP administration
- allows corrections to be made in a timely manner before erroneous payments are issued.
