### CREP & Continuous CRP Available

Environmentally sensitive acreage qualifying for the Conservation Reserve Enhancement Program (CREP) and Continuous CRP are eligible for enrollment. These targeted programs remain funded, and continue to provide a heightened environmental benefit on select areas.

### TAP

USDA Farm Service Agency's (FSA) Tree Assistance Program (TAP) provides financial assistance to qualifying orchardists to replace eligible trees, bushes, and vines damaged by natural disasters. TAP was authorized by the 2002 Farm Bill.

### 2010 FSA County Committee Elections

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to ALL farmers and ranchers, whether beginning or long established, with large or small operations. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and to represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

County committees provide local input on:

- Commodity price support loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs
- Payment eligibility

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

### Election Period

June 15, 2010 – The nomination period begins. Request nomination forms from the local USDA Service Center or obtain online at: [http://www.fsa.usda.gov/Internet/FSA\\_File/fsa0669a\\_commiteelectform.pdf](http://www.fsa.usda.gov/Internet/FSA_File/fsa0669a_commiteelectform.pdf)

Aug. 2, 2010 - Last day to file nomination forms (FSA-669A) at the local USDA Service Center

Nov. 5, 2010 - Ballots mailed to eligible voters

Dec. 6, 2010 - Last day to return voted ballots to the USDA Service Center

Jan. 1, 2010 - Newly elected county committee members take office

### Who Can Hold Office

To hold office as a county committee member, a person must meet the basic eligibility criteria.

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the LAA in which the person is a candidate

Not have been:

- Removed or disqualified from the office of county committee member, alternate or employee
- Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
- Dishonorably discharged from any branch of the armed services.

### Nominations

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at USDA Service Centers and online at:

[http://www.fsa.usda.gov/Internet/FSA\\_File/fsa0669a\\_commiteelectform.pdf](http://www.fsa.usda.gov/Internet/FSA_File/fsa0669a_commiteelectform.pdf)

Nomination forms for the 2010 election must be postmarked or received in the local USDA Service Center by close of business on Aug. 2, 2010.

Agricultural producers who participate or cooperate in an FSA program may be nominated for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

### Who Can Vote

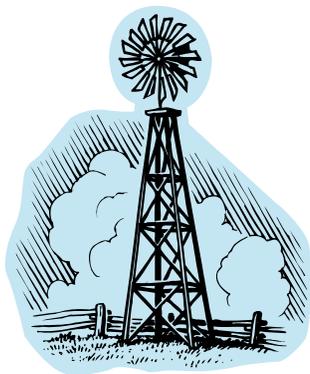

Agricultural producers of legal voting age may be eligible to vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm may also be eligible to vote. More information about voting eligibility requirements can be found in the FSA fact sheet titled "FSA County Committee Election - Eligibility to Vote and Hold Office as a County Committee Member." Producers may contact their local USDA Service Center for more information.

### Farm Reconstitutions

At FSA, farms are "constituted" to group all tracts having the same owner and the same operator under one farm serial number. When changes in ownership or operation take place, a farm reconstitution is necessary. If an owner or operator cannot agree about program participation, like in the case of the new ACRE program, then producers should inquire about a reconstitutions at the local FSA office.

The reconstitution—or recon—is the process of combining or dividing farms or tracts of land based on the farming operation. Remember, to be effective for the current year, recons must be requested by August 2, 2010 for farms enrolled in specific programs.

## **RETURN SERVICE REQUESTED**

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its program and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

### **SURE Program**

The Supplemental Revenue Assistance Program (SURE) provides benefits for farm revenue losses due to natural disasters that incurred in the crop years 2008 through September 30, 2011. To be eligible for SURE payments, a producer is required to obtain crop insurance on all crops in all counties or, if crop insurance is not available, to participate in the Non-Insured Assistance Program (NAP) except for grazed acreage. However, crop insurance or NAP coverage is no longer required for crops that are not of economic significance or those where the administrative fee required to buy NAP coverage exceeds 10% of the value of the coverage.

Eligible farmers and ranchers who meet the definition of Socially Disadvantaged, Limited Resource, or Beginning Farmer or Rancher are exempt from the risk management purchase requirement.

The following conditions trigger SURE payments:

- At least one crop of economic significance must suffer a 10% production loss due to an eligible disaster condition
- Crop of economic significance is a crop that has contributed or would have contributed at least 5% or more of the total expected revenue from all crops on the farm
- Producers in counties declared disaster counties by the Secretary of Agriculture, or in contiguous counties, or those who show proof of an individual loss of at least 50% are eligible to receive SURE payments for crop produced or crop quality losses. Losses are measured with consideration to the whole-farm revenue, which includes crop insurance indemnities and commodity program payments, so that producers are not paid more than once for the same loss.

A SURE calculator is available at: <http://www.fsa.usda.gov/FSA/webapp?area=home&subject=diap&topic=sure>. The calculator is not official, but is intended for educational use. A fact sheet and background are also available online.

### **Acreage and Crop Reporting**

Acreage reporting time will soon be here. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. Acreage reporting dates are: June 30 for annually seeded small grains; July 15 for forage crops; February 15 for maple sap and honey.

Crop reports that provide the county office with harvested quantities for all crops are due BEFORE the crop reporting date the following year.

### **DCP Signup Continues**

Signup for the 2010 Direct and Counter-cyclical Payment (DCP) Program continues until June 1, 2010. FSA will not accept late-filed applications. FSA computes DCP Program payments using base acres and payment yields established for each farm. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2010, you may request to receive advance direct payments based on 22 percent of the direct payment for each commodity associated with the farm. Counter-cyclical payment rates vary depending on market prices and are issued only when the effective price for a commodity is statutorily set below its target price.

The electronic DCP (or eDCP) service will save you time, reduce paperwork and speed up contract processing at FSA offices. It is available to anyone eligible to participate in the DCP Program. To access this on-line service, you must have an active USDA eAuthentication Level 2 account, which requires filling out an online registration form at <http://www.eauth.egov.usda.gov> followed by a visit to the local USDA Service Center for identity verification.

## **VERMONT ASSOCIATION OF CONSERVATION DISTRICTS**

**GET WISE ON WEEDS, TUESDAY, MAY 18' 7PM, \$5**

**NORTHWOODS STEWARDSHIP CENTER.**

LEARN HOW TO IDENTIFY INVASIVE PLANT SPECIES, HOW THEY SPREAD, AND WHY THEY ARE A THREAT TO BIODIVERSITY. SARAH DAMSELL, AGRICULTURE RESOURCE SPECIALIST, WILL PRESENT THE VERMONT NATURE CONSERVANCY WISE ON WEEDS POWERPOINT PRESENTATION.

FOR MORE INFORMATION CALL 334-8325 X20.
