LAST PRINTED NEWSLETTER

The Farm Service Agency is moving toward a paperless operation. FSA's budget allows for this last printed newsletter only. If you wish to receive important program announcements and deadline reminders, enroll in the new GovDelivery system. You will receive newsletters and bulletins via email or text message instead of a hard copy through the mail.

FSA, like many other organizations, is trying to work smarter and be more efficient. Moving to electronic notifications via email will help conserve resources and save taxpayer dollars. The County Committee ballots will continue to be mailed to all eligible producers.

You may subscribe to receive electronic updates by going to the USDA GovDelivery sign-up page found at the following web address: <http://www.fsa.usda.gov/subscribe>.

The form on the reverse side of this newsletter informs FSA of your intent to receive newsletters electronically. Complete blocks 1A, 1B, 3, 4, 8A, 8B and 8C. Select "No" in block 4 and return the form to the county office. The selection only applies to newsletters and bulk mail. You will still receive direct mail for your operation and County Committee ballots. The staff can assist you with subscribing for electronic newsletters if you need assistance.

2012 DCP/ACRE SIGNUP CONTINUES

We are currently taking appointments to sign up for the 2012 DCP/ACRE program. The deadline to sign up is **June 1, 2012**. Please call the office to set up an appointment.

All producers with a crop share interest on DCP base acres must have a share in direct and counter-cyclical payments. Changes on the farm before or after enrolling in DCP/ACRE must be immediately reported to the local FSA office. Examples include ownership changes, producer changes (individuals and entities), and change in crop shares arrangements.

NEW AGI FORMS REQUIRED FOR 2012

FSA and NRCS program participants, including all members of participating entities, must meet certain Adjusted Gross Income (AGI) requirements to qualify for benefits. Starting with the 2012 crop year, a new AGI form has been developed that both reports whether an applicant or member meets the AGI requirements and authorizes the IRS to confirm that information for FSA.

The new form also reflects an additional AGI limitation applicable only to 2012 direct payments. In addition to the \$500,000 average nonfarm AGI and the \$750,000 average farm AGI limitation, a \$1 million average AGI limitation will be applicable for 2012 direct payments.

Applicants are reminded that your FSA power-of-attorney authorization will not work for this form. The form will have to be signed by the participant or entity member themselves. IRS will not accept FSA power-of-attorney forms. These new AGI forms are available today from your county office or on the FSA internet site.

CRP GENERAL SIGNUP

The Conservation Reserve Program general signup number 43 starts March 12, 2012 and ends April 6, 2012. CRP signups are a competitive process in which the bids producing the highest environmental benefits per taxpayer dollars spent are accepted into the program. Offers will be ranked using the Environment Benefits Index (EBI). Points will be awarded based on the environmental and habitat benefits of the proposed cover planted. More points are awarded for native vegetation. Existing CRP stands may need to be replanted to maximize the score. Check your stand before coming into the office. Extra points will be awarded for the most erosive land and bids that include pollinator habitat on 10% of the acreage. Scores can also be improved by reducing the bid by up to 15% below the maximum soil rental rate calculated by FSA. Eligibility is based on several factors. Eligible land must have been planted to an annual crop for at least four years between 2002 and 2007. In addition, the land must be considered highly erodible, or be in an expiring CRP contract in 2012. Contact our office to schedule an appointment or to learn more information about the CRP signup process.

2011 ACRE PRODUCTION REPORTING DEADLINE

Producers enrolled in the ACRE program are required to provide their 2011 production for all covered commodities on ACRE farms whether they have a share interest in the crop or not, including any covered commodity harvested as forage. The deadline for reporting production by submitting a signed FSA-658 is July 15, 2012 for the 2012 crop year. The form is available at the office or may be found at <http://forms.sc.egov.usda.gov/efcommon/eFileServices/eForms/FSA658.PDF>. It is the producer's responsibility to file a signed FSA-658 by July 15, 2012. Producers who need assistance please contact the office for an appointment. The worksheet used last year is currently not available but we expect it in the near future. The County Committee has stressed that producers need to be involved in calculating production yields similar to last year. More importantly, do not miss this important deadline as failure to provide a signed FSA-658 makes all producers (owners, operators, and interested producers on the farm) ineligible for payments on the farm.

This form is available electronically.
