## LAST PRINTED NEWSLETTER

The Farm Service Agency is moving toward a paperless operation. FSA's budget allows for this last printed newsletter only. If you wish to receive important program announcements and deadline reminders, enroll in the new GovDelivery system. This system allows you to receive newsletters and bulletins via email or text message instead of a hard copy through the mail. County Committee ballots and producer specific information will continue to be mailed.

FSA is trying to work smarter and more efficiently. Moving to electronic notifications via email will help conserve resources and save taxpayer dollars.

You may subscribe to receive electronic updates by going to the USDA GovDelivery sign-up page found at the following web address: <http://www.fsa.usda.gov/subscribe>.

The form on the reverse side of this newsletter informs FSA of your intent to receive newsletters electronically. Complete blocks 1A, 1B, 3, 4, 8A, 8B and 8C. Select "No" in block 4 and return the form to the county office. The selection only applies to newsletters and bulk mail. You will still receive direct mail for your operation and county committee ballots. This form is not required to sign up for electronic notifications but helps the county office monitor the producers who should be receiving electronic updates. Staff can assist you with subscribing for electronic newsletters.

## 2012 DCP/ACRE SIGNUP UNDERWAY

We are currently taking appointments to sign up for the 2012 DCP/ACRE program. The deadline to sign up is **June 1, 2012**. Please call the office to set up an appointment.

All producers with a crop share interest on DCP base acres must have a share in direct and counter-cyclical payments. Changes to the farm before or after enrolling in DCP/ACRE must immediately be reported to the FSA office. Examples include ownership changes, producer changes (individuals and entities), and changes in crop share arrangements.

## NEW AGI FORMS REQUIRED FOR 2012

FSA and NRCS program participants, including members of participating entities, must meet certain Adjusted Gross Income (AGI) requirements to qualify for program benefits. A new AGI form has been developed that reports whether an applicant or member meets the AGI requirements and also authorizes the IRS to confirm this information for FSA.

The new form also reflects an additional AGI limitation applicable only to 2012 direct payments. In addition to the \$500,000 average nonfarm AGI and the \$750,000 average farm AGI limitation, a \$1 million average AGI limitation will be applicable for 2012 direct payments.

In the past, producers could generally sign AGI forms using an FSA Power-Of-Attorney. Because the new AGI forms are being shared with the IRS, this is no longer the case. The CCC-931 AGI forms must now be signed by the person for whom they are being filled out. There are very few exceptions that would allow an individual to sign for someone else. Please contact the office if you have questions about this.

## CRP GENERAL SIGNUP

Another Conservation Reserve Program general signup starts March 12, 2012 and ends April 6, 2012. A general CRP signup is a competitive bid process in which the offers producing the most environmental benefit per taxpayer dollar spent are accepted into the program.

Offers will be ranked using the Environmental Benefits Index (EBI). Points will be awarded based on the benefits of the proposed cover planted, with additional points earned for planting native seed mixes. Expiring CRP being reoffered may need to be enhanced or replanted in order to gain more points. Check your stand before coming into the office. Points will also be awarded for the most erosive land and bids that include enhancements such as planting a pollinator habitat. Scores can also be improved by reducing the annual rental rate by up to 15% below the maximum rate calculated by FSA.

Eligible land must have been planted to an annual crop for at least four years between 2002 and 2007. The land must also be considered highly erodible, in the state Conservation Priority Area, or be in an expiring CRP contract in 2012. Contact the FSA office for an appointment or more information about CRP.

## SUPPLEMENTAL REVENUE ASSISTANCE FOR 2010 LOSSES

The deadline for producers to submit applications for the 2010 crop year Supplemental Revenue Assistance Payments Program (SURE) is June 1, 2012. The application and all required documentation must be on file and signed by close of business that day.

The SURE program provides benefits for crop losses due to eligible weather related disaster conditions. Whitman County is a designated county, meaning producers are eligible to apply for program benefits. If a county does not receive a designation, a producer is eligible when crop losses are at or above 50%. Producers who suffer eligible losses must have crop insurance or a Non-insured Crop Disaster Assistance Program policy for all crops of economic significance to be eligible for benefits. Socially disadvantaged, limited resource, or beginning farmers and ranchers are exempt from the insurance requirement.
