Increased Guaranteed Loan Limit

The Farm Service Agency has announced that the loan limit for the Guaranteed Loan Program will increase to \$1,302,000 on Oct. 1, 2012. The limit is adjusted annually based on data compiled by the National Agricultural Statistics Service.

The lending limit increases every year according to an inflation index. The maximum combined guaranteed and direct farm loan indebtedness will also increase to \$1,602,000.

As a reminder, the one-time loan origination fee charged on FSA guaranteed Farm Ownership and Operating loans is 1.5 percent of the guaranteed portion of the loan.

Producers should contact their local FSA County Offices with questions about farm loans.

County Committee Elections

Watch your mailbox for your official county office committee election ballot starting early next month. Ballots will be mailed to all eligible voters on Nov. 5, 2012. If for some reason you don't receive a ballot, feel free to notify the county FSA office.

Completed and signed ballots must be returned to the county office by close of business on Dec.3, 2012.

2011 DCP Final Payments

DCP payments for 2012 will be issued after Oct. 1, 2012. These payments will be deposited directly into participating producers' bank accounts.

If there are any unearned payments, Commodity Credit Corporation will automatically subtract those amounts from the October Direct and Counter-Cyclical Program payments.

IRS 1099 Changes

Calendar year 2012 has brought changes to the way FSA reports farm program payments to the producer and to the IRS.

In past years, IRS Forms 1099-G would be issued to show all program payments received from the Farm Service Agency, regardless of the amount.

Starting with calendar year 2012, producers whose total reportable payments from FSA are less than \$600 will not receive IRS Form 1099-G. Also, producers who receive payments from more than one county will only receive one Form 1099-G if the total of all payments from all counties is \$600 or more.

The same changes will apply to producers and vendors who normally receive IRS Form 1099-MISC from FSA.

USDA Announces Hispanic and Women Farmer and Rancher Claims Period Now

Agriculture Secretary Tom Vilsack has announced that Hispanic and women farmers and ranchers who allege discrimination by the USDA in past decades can file claims between September 24, 2012 and March 25, 2013.

The process offers a voluntary alternative to litigation for each Hispanic or female farmer and rancher who can prove that USDA denied their applications for loan or loan servicing assistance for discriminatory reasons for certain time periods between 1981 and 2000.

As announced in February 2011, the voluntary claims process will make available at least \$1.33 billion for cash awards and tax relief payments, plus up to \$160 million in farm debt relief, to eligible Hispanic and women farmers and ranchers. There are no filing fees to participate in the program.

Continued page 2 Hispanic and Women

Continued from Page 1 Hispanic and women

The Department will continue reaching out to potential Hispanic and female claimants, around the country to get the word out to individuals who may be eligible for this program so they have the opportunity to participate.

Call center representatives can be reached at 1-888-508-4429. Claimants must register for a claims package (by calling the number or visiting the website) and the claims package will be mailed to claimants. All those interested in learning more or receiving information about the claims process and claims packages are encouraged to attend meetings in your communities about the claims process and contact the website or claims telephone number.

Website: www.farmerclaims.gov

Phone: **1-888-508-4429**

Claims Period: September 24, 2012 - March 25, 2013.

Independent legal services companies will administer the claims process and adjudicate the claims. Although there are no filing fees to participate and a lawyer is not required to participate in the claims process, persons seeking legal advice may contact a lawyer or other legal services provider.

Farm Storage Facility Loan Program

The Farm Storage Facility Loan (FSFL) program allows producers of eligible commodities to obtain low-interest financing to build or upgrade farm storage and handling facilities.

The new maximum principal amount of a loan through FSFL is \$500,000. Participants are now required to provide a down payment of 15 percent, with CCC providing a loan for the remaining 85 percent of the net cost of the eligible storage facility and permanent drying and handling equipment. New loan terms of 7, 10 or 12 years are available depending on the amount of the loan. Interest rates for each term rate may be different and are based on the rate which CCC borrows from the U.S. Treasury Department.

Payments are available in the form of a partial disbursement and the remaining final disbursement. The partial disbursement will be

available after a portion of the construction has been completed. The final fund disbursement will be made when all construction is completed. The maximum amount of the partial disbursement will be 50 percent of the projected and approved total loan amount.

Applications for FSFL must be submitted to the FSA county office that maintains the farm's records. An FSFL must be approved before any site preparation or construction can begin.

The following commodities are eligible for farm storage facility loans:

- Corn, grain sorghum, rice, soybeans, oats, peanuts, wheat, barley or minor oilseeds harvested as whole grain
- Corn, grain sorghum, wheat, oats or barley harvested as other-than-whole grain
- Pulse crops - lentils, small chickpeas and dry peas
- Hay
- Renewable biomass
- Fruits (including nuts) and vegetables - cold storage facilities.

For more information about FSFL visit the FSA county office or www.fsa.usda.gov.

- recommend the project and the loan, along with providing adequate supervision.

Stop by the county office for help preparing and processing the application forms.

NAP Reminders

This is just a reminder that if you plan to file a Notice of loss for the 2012 crop year you need to do so within 15 days of the loss becoming apparent. Also, please remember November 30, 2012 is the deadline to purchase insurance for all forage and grazing crops. Please call or stop by the office soon so you will meet the deadlines.

Selected Interest Rates for October 2012	
90-Day Treasury Bill	0.125%
