### LIP AND LCP SIGNUP ANNOUNCED

The deadline date for the 2005-2007 Livestock Compensation Program (LCP) and Livestock Indemnity Program (LIP) has been set for **July 18, 2008**. LIP provides payments to eligible livestock owners and contract growers who incurred the death of livestock because of a natural disaster. LCP provides payments to eligible livestock owners and cash lessees who suffered feed losses or increased feed costs because of a natural disaster.

Signup began on September 10, 2007 for the two programs that provide aid to livestock producers who suffered eligible livestock or livestock feed losses between January 1, 2005 and December 30, 2007 because of a natural disaster.

### CDP QUANTITY PAYMENTS

Signup for the quantity (production loss) loss portion of the 2005/2007 Crop Disaster Program (CDP) began October 15, 2007 and continues. Although no ending signup date has been announced, we encourage all producers who have not yet signed up for CDP to do so as soon as possible. Payments will be delayed on all CDP production loss applications that are not approved and paid prior to receipt of the Quality loss software, which is expected to be issued around June 20, 2008. Signup dates for quality loss CDP applications will be announced in the near future.

### EQIP 2009 DEADLINE APPROACHING

The final day to apply for the Environmental Quality Incentives Program (EQIP) funding is approaching for 2009. If you are interested in implementing conservation practices on your land, please contact the Natural Resources Conservation Service (NRCS) in Dillon, MT before July 1, 2008.

These programs offer a large variety of projects on grazing lands, dry cropland, irrigated land, forest, and multiple land uses in Beaverhead County. Some of these include:

- Soil sampling to assist with nutrient application efficiency.
- Fencing and livestock watering developments to facilitate grazing management plans.
- Moisture monitoring sensors to track irrigation efficiency throughout the year.
- Irrigation measures to improve water use efficiency.
- Restoration, protection, and enhancement of wetlands and other wildlife habitat.

If you have any questions or would like more information on EQIP, please visit the NRCS website at <http://www.mt.nrcs.usda.gov> or contact: NRCS Dillon Field Office

### 2007 CENSUS OF AGRICULTURE

It is not too late to turn in your Census of Agriculture. USDA's National Agricultural Statistics Service (NASS) wants everyone who received a census form to return the form or call NASS toll free at 1-888-424-7828. Even if you are a landlord or have a few chickens or a horse, NASS wants to account for your form. Your information can be taken over the phone by calling the toll-free number. For further information contact the Montana Ag Statistics Service at 1-800-835-2612.

## COC ELECTION APPROACHING

Beginning **June 15, 2008**, nominations are being accepted for candidates for County Committee (COC) positions. A county or area served by the COC is divided into local administrative areas (LAA). Each LAA is represented by one member on the county committee. Only one LAA holds an election each year. This year the LAA open in Beaverhead County is LAA 3 currently represented by Donna Hildreth.

## FSA ANNOUNCES CRITICAL FEED PROGRAM

FSA has announced the authorization of certain acreage enrolled under the Conservation Reserve Program (CRP) to be available for haying and grazing after the **primary nesting season ends which is August 1<sup>st</sup> in Montana**. No rental payment reduction will be assessed on contracts being utilized for the critical feed use. However, a \$75 fee will be charged per contract to process the contract modification. The fee must be paid prior to the local FSA county committee approving the contract modification. The fee is not refundable.

Beginning June 2, 2008, eligible CRP participants may sign up for the critical feed use practice at their local FSA office. Participants must submit a modification to their conservation plan. This modification for critical feed use is only for 2008. All haying and grazing must be completed no later than November 10, 2008. The critical feed use practice may be used on CRP acreage that was hayed or grazed in 2007 either under the Managed Haying and Grazing provisions or the Emergency Haying or Grazing provisions.

CRP participants may use their CRP acreage for haying or grazing or may lease the privilege to any other individual. CRP participants may not hay and graze the same acreage. CRP participants must leave at least 50 percent of each field unharvested. Only one cutting of hay is permitted. CRP participants wishing to graze their CRP acreage must leave at least 25 percent of each field ungrazed for wildlife or graze all of the CRP acreage at no more than 75 percent of the stocking rate as determined by the Natural Resources Conservation Service (NRCS) or a Technical Service Provider (TSP).

Eligible acreage includes acreage devoted to: 1) CP1, Establishment of Permanent Introduced Grasses and Legumes; 2) CP2, Establishment of Permanent Native Grasses; 3) CP4B, Permanent Wildlife Habitat – Corridors; 4) CP4D, Permanent Wildlife Habitat; 5) CP10, Vegetative Cover – Grass – Already Established; 6) CP18B, Establishment of Permanent Vegetation to Reduce Salinity; 7) CP18C, Establishment of Permanent Salt Tolerant Vegetative Cover. Acreage is eligible 12 months after the cover is fully established.

## FILING A NON-INSURED CROP DISASTER ASSISTANCE PROGRAM (NAP) NOTICE-OF-LOSS

To qualify for assistance under NAP, production losses or prevented planting must have occurred as a result of an eligible cause of loss. An eligible cause of loss is any of the following:

- damaging weather, such as drought, freeze, hail, excessive moisture, or excessive wind; or
- adverse natural occurrences, such as earthquake or flood; or
- a condition related to damaging weather or an adverse natural occurrence, such as excessive heat, disease or insect infestation.

Wildlife damage and weeds are **not** considered eligible causes of loss under NAP.

A notice of loss must be provided within 15 calendar days after the:

- disaster occurrence or date damage to the specific crop acreage is apparent to the producer for yield losses;
- final planting date for prevented planting.

If a Notice-of-Loss is filed prior to the final planting date established for the specific crop, the producer is expected to replant the crop. If the Notice-of-Loss is filed after the established final planting date and the intent is to reseed to another crop intended for harvest, such as barley for grain, which is covered under crop insurance, a NAP payment cannot be received on the original failed crop.

Montana is not a double cropping state. If the intent is to destroy the crop, summer fallow it, or reseed to another crop **not** intended for harvest, representative strips must be left in the field so that a loss adjuster can be sent out closer to normal harvest time to appraise the original seeded crop. In this situation, the original seeded crop would still be eligible for a payment.

### **DIRECT TV TRANSITION**

On February 17, 2009 all full-power television stations in the United States will stop broadcasting in analog and switch to 100 percent digital broadcasting. Digital broadcasting promises to provide a clearer picture and more programming options and will free up airwaves for use by emergency responders. This will require all analog TV's to be converted to digital.

Congress has created the TV Converter Box Coupon Program for households wishing to keep using their analog TV sets after February 17, 2009. The Program allows U.S. households to obtain up to two coupons, each worth \$40 that can be applied toward the cost of eligible converter boxes. A TV connected to cable, satellite or other pay TV service does not require a TV converter box from this program. Please log on to the Montana FSA website at <http://www.fsa.usda.gov/mt> and click on the website for the HDTV \$40 coupon offer to apply for a coupon or learn more about the program.

programs. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).
