

Forum on Expanding the U.S. Biofuels and Biomass Market

USDA is in the process of formulating a plan for the production and development of a successful biofuels and biomass market capable of achieving the U.S. Renewable Fuels Standards mandated for 2022 that calls for 86 billion gallons of renewable fuels annually.

**You are invited to a Community Forum on development and expansion
of the
U.S. Biofuels Market**

on

Wednesday, October 13, 2010 from 9:30am to 11:30am

at the

White Mt. National Forest Headquarters

71 White Mountain Drive

Campton, NH 03223

Please plan to attend and take part in this upcoming USDA forum where the department will host a discussion, receive input, and forward your recommendations to the National USDA office on how New Hampshire can contribute to the U.S. Renewable Fuel Standards goal.

**RSVP to Sue Stevens, NH Farm Service Agency, at 603-224-7941 or by email at
<susan.stevens@nh.usda.gov>**

If you have any questions about the event, please contact or call

Jay Phinizy, NH State Executive Director at

<james.phinizy@nh.usda.gov>

603-224-7941
