## **Deadline for Loan Deficiency Payments on 2006 Small Grains**

March 31, 2007 is the deadline to apply for LDP on small grains and small grain hay crops harvested in 2006. There are no LDP rates at this time, these rates can change daily.

## **Non-Insured Assistance Program Deadline (NAP)**

*April 1, 2007 is the deadline* to apply for NAP coverage for 2007 spring seeded annual non-insurable crops. The deadline for NAP coverage for perennial crops and wheat was Dec. 1, 2006. NAP provides crop loss coverage on crops for which multi-peril or catastrophic crop insurance is not available. There is a \$100 per crop administrative fee not to exceed \$300 per producer per county and \$900 per producer with multi-county interests. Coverage is based on 50% of yield and 55% of price.

## **2006 NAP Payments Pending Receipt of info from Producers 2007 Acreage Reports**

We are approaching the time of year to file your annual acreage report which is a requirement for the program benefits you receive from this office. If you have had any land record changes (land purchases, sales, new leases, etc.), please advise the office ahead of time so we will be prepared for your acreage report.

The office is again requesting appointments to avoid long delays or extra trips to the office. The 2007 deadline to file your report is July 2. Reports filed after this date will be assessed a late-filed fee and the office will have to visit your farm to verify the acres. **This fee has increased** to a basic farm fee of \$30.00 per farm PLUS an hourly rate of \$16.00 for the first hour plus \$8.00 every 30 minutes after the first hour for the amount of time it takes the office to visit your farm. The clock starts when we leave the office. The late filed fee will always be a minimum of \$46.00 per farm.

## **Production History**

**July 2, 2007** is also the deadline for turning in your 2006 crop production. Failure to turn in production will decrease your yield history which will cost you program benefits.
