

Rooks County FSA Office
617 S Cedar
Stockton, KS
Phone: (785) 425-6302
Fax: (785) 425-6308

County Committee Members
Steve Cook, Chairman
Lois Ann Gasper, Vice Chairperson
Bill McCune, Member

The Committee meets the 1st Wednesday of each month

Hours: Monday- Friday
8:00 am to 4:30 pm

Office Staff:

James Adams, CED
Reesa Brown, PT
Betty Bedore, PT
Kacey Johnston, PT

May 2010

DCP Signup Continues

Signup for the 2010 Direct and Counter-cyclical Payment (DCP) Program continues until June 1, 2010. The June 1, 2010 deadline is mandatory for all participants. FSA will not accept any late-filed applications.

FSA computes DCP Program payments using base acres and payment yields established for each farm. Eligible producers receive direct payments at rates established by statute regardless of market prices. For 2010, you may request to receive advance direct payments based on 22 percent of the direct payment for each commodity associated with the farm. FSA will issue advance direct payments later this month. Counter-cyclical payment rates vary depending on market prices and are issued only when the effective price for a commodity is statutorily set below its target price.

The electronic DCP (or eDCP) service will save you time, reduce paperwork and speed up contract processing at FSA offices. It is available to anyone eligible to participate in the DCP Program. To access this on-line service, you must have an active USDA eAuthentication Level 2 account, which requires filling out an online registration form at <http://www.eauth.egov.usda.gov> followed by a visit to the local USDA Service Center for identity verification.

Producers eligible for the DCP Program are also able to enroll in the Average Crop Revenue Election (ACRE) Program or the Counter-cyclical Program. You may first enroll in the DCP Program, receive advance direct payments and then later modify your enrollment to the ACRE program or you may wait and elect to enroll in DCP and ACRE at the same time in spring 2010.

SURE

The Supplemental Revenue Assistance Program (SURE) provides benefits for farm revenue losses due to natural disasters that incurred in the crop years 2008 through September 30, 2011. To be eligible for SURE payments, a producer is required to obtain crop insurance on all crops in all counties or, if crop insurance is not available, to participate in the Non-Insured Assistance Program (NAP) except for grazed acreage. However, crop insurance or NAP coverage is not required for crops that are not of economic significance or those where the administrative fee required to buy NAP coverage exceeds 10% of the value of the coverage.

Eligible farmers and ranchers who meet the definition of Socially Disadvantaged, Limited Resource, or Beginning Farmer or Rancher are exempt from the risk management purchase requirement.

The following are the conditions that trigger SURE payments:

- at least one crop of economic significance must suffer a 10% production loss due to an eligible disaster condition
- crop of economic significance is a crop that has contributed or would have contributed at least 5% or more of the total expected revenue from all crops on the farm
- producers in counties declared disaster counties by the Secretary of Agriculture, or in contiguous counties, or those who show proof of an individual loss of at least 50% are eligible to receive SURE payments for crop producer or crop quality losses. Losses are measured with consideration to the whole-farm revenue, which includes crop insurance indemnities and commodity program payments, so that producers are not paid more than once for the same loss.

A SURE calculator is available at: www.fsa.usda.gov, then click on Disaster Assistance Programs, then SURE. The calculator is not official, but is intended for educational use. A fact sheet and backgrounder are also available online. We are currently taking applications for 2008 losses.

CRP Maintenance

CRP participants are reminded of their responsibility to perform annual CRP maintenance as specified in their Conservation Plan of Operations. A major problem in this state is the invasion of undesirable plants including trees that adversely impact the permanent grassland cover. FSA will be conducting annual inspections of CRP to determine contract violations.

Property Valuation on Expiring CRP

When CRP acreage expires, producers should notify their county appraiser of the parcel number, acres, and legal description so the property valuation assessment can be changed to the appropriate property tax rate.

Foreign Investors Reporting Rule

Foreign owners of U. S. agricultural land are required by law to report their land holdings, acquisitions, leases of 10 years or more and land use changes within 90 days to the local FSA office. Failure to report these changes can result in a civil penalty of up to 25 percent of the fair market value of their interest in the agricultural land.

Reasonable Accommodations

Reasonable accommodations will be made, upon request, for individuals with disabilities, vision impairment, or hearing impairment to attend or participate in meetings or events sponsored by the Farm Service Agency. If you require special accommodations to attend or participate in one of our events, please call the FSA county office and we will be happy to make any needed arrangements.

NAP Loss Filing

The CCC-576, Notice of Loss, is used to report failed acreage and prevented planting and may be completed by any producer with an interest in the crop. Timely filing a Notice of Loss is required on for all crops including grasses. For losses on crops covered by the Non-insured Crop Disaster Assistance Program (NAP) and crop insurance, you must file a CCC-576 (notice of loss) in the FSA County Office within 15 days of the occurrence of the disaster or when losses become apparent.

If filing for prevented planting, an acreage report and CCC-576 must be filed within 15 calendar days of the final planting date for the crop.

REPORT FSA FARM RECORD CHANGES

Report record changes such as the sale of any acreage, operator change (for either fall or spring crops), estate or other entity formation or dissolution now. All changes must be reported to the county office within 30 days of the change.

Nondiscrimination Statement

USDA prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW., Washington, DC 20250-9410, or call (800) 795-3272 (voice), or (202) 720-6382 (TDD). "USDA is an equal opportunity provider, employer, and lender."

NAP Records

Production records for individual crops need to be filed with our office to establish an approved NAP yield. If this is the first year you participated in NAP, you can provide production and acreage information from prior years to establish your yield. If you participated in NAP in previous years, you must report your production and acreage on a yearly basis to keep your yield up-to-date. Records submitted must be reliable or verifiable. Records need to show crop disposition. We recommend producers submit production records as soon as harvest is complete. All production records must be submitted by the subsequent crop year's final acreage reporting date.

Direct and Guaranteed Loans

The Farm Service Agency is committed to providing family farmers with loans to meet their farm credit needs. If you are having trouble getting the credit you need for your farm, or regularly borrow from FSA, direct and guaranteed loans are currently available.

Ask your lender about an FSA loan guarantee if you've had a setback and your lender is reluctant to extend or renew your loan.

Farm ownership loans or farm operating loans may be obtained as direct loans for a maximum of up to \$300,000. Guaranteed loans can reach a maximum indebtedness of \$1,112,000. Producers are encouraged to apply early so that a loan can be processed and funded in a timely manner.

FSA employees will help you complete the necessary application and other forms, and help you understand what information is required, where to find it or who to contact to get it. To find out more about FSA loan programs, contact the county office staff.

Dates to Remember

May 31, 2010 – Office closed for Memorial Day, Certify Small Grains acreage, Final date to obtain loan or LDP on feed grains, oilseeds, and cotton.

June 1, 2010 – Final date to apply for 2010 DCP or ACRE.

June 15, 2010 – Final date to submit the IRS Disclosure form to IRS

May 31, 2010 – Acreage certification for small grains for grain.

Aug 1, 2010 – Certify all other crops and CRP

June 1, 2010 – Deadline for DCP/ACRE signup
