

e-Filing FSA Guaranteed Loans

Lenders can now e-File FSA Guaranteed Loan information through the internet using USDA's eForms service.

Benefits of e-Filing:

Paperless:

- Loan applications
- Closing Documents
- Interest Assistance Renewals
- Status Reports

Faster Service. Documents and forms are submitted in real-time. Save mailing time, paper generation, and get faster decisions.

Electronically sign documents. By using your USDA eAuthentication account, you can digitally sign documents so you don't have to sign originals.

Secure and Private. e-Filing uses 128 bit secure socket layer (SSL) encryption technology used by many commercial banks in on-line banking applications.

Flexible. No software to buy or install. You can continue to use your existing software and business practices for loan origination and servicing. eForms is flexible so you can submit documents and images in any of the following formats:

- Microsoft Word
- Microsoft Excel
- Adobe Acrobat PDF documents and images
- Web Equity Manager exported ZIP files
- Images
- Text
