

FSA At Work Across Missouri - FY 2011

“The USDA Farm Service Agency delivered nearly \$607.4 million in federal program payments and loans to Missouri farmers and ranchers during fiscal year 2011. Missouri agriculture benefits greatly from the tireless efforts of our dedicated employees and locally elected County Committees.”

- Edward J. Hamill, State Executive Director

Commodity Program Payments: \$276.7 million

Missouri producers received substantial monetary support during FY 2011 in the form of commodity and price support program payments.

\$164,023,323 - Direct and Counter Cyclical Program (DCP) Direct payments provide income support to producers of eligible commodities based on production history (acreage and yields) and do not depend on the current production choices. Counter-cyclical payments are made when the effective price for eligible commodities is less than the target price.

\$14,014,757 - Average Crop Revenue Election Program (ACRE) provides revenue-based payments as an alternative to receiving price-based counter-cyclical (CC) payments.

\$17,125 - Loan Deficiency Payments (LDP) benefit producers who agree to forgo a commodity loan in return for a payment on the eligible commodity. LDP provisions allow compensation when market prices are low, as long as the producer maintains beneficial interest in the commodity.

\$251,878 - Dairy Economic Loss Assistance Payment (DELAP) Program provides a one-time payment to assist dairy producers who have recently experienced low milk prices and high production costs.

\$11,181 - Trade Adjustment Assistance (TAA) for Farmers provides technical assistance and cash payments to producers of asparagus who were adversely affected by imports.

\$10,866,002 - Farm Storage Facility Loans (FSFL) The Commodity Credit Corporation (CCC), through FSA, may make loans to producers to build or upgrade farm storage and handling facilities for eligible commodities.

\$87,479,545 - Commodity Loans are available to eligible producers who use crops as collateral. The Commodity Credit Corporation (CCC) makes loans for eligible commodities that are farm or warehouse stored.

\$2,680 - Dairy Indemnity Payment Program (DIPP) provides payments to dairy producers and manufacturers of dairy products when they are directed to remove their raw milk or products from the market because of contamination.

| Top 5 agriculture commodities, 2010 | | | |
|-------------------------------------|----------------------------|--------------------------------------|---------------------|
| | Value of receipts thousand | Percent of state total farm receipts | Percent of US value |
| 1. Soybeans | 2,202,942 | 26.5 | 6.6 |
| 2. Corn | 1,527,645 | 18.4 | 3.4 |
| 3. Cattle & calves | 1,408,910 | 17.0 | 2.7 |
| 4. Hogs | 783,628 | 9.4 | 4.4 |
| 5. Turkeys | 364,932 | 4.4 | 8.3 |
| All commodities | 8,300,535 | | 2.6 |

| Top 5 agriculture exports, estimates, 2010 | | |
|--|-------------------|------------------|
| | Rank among states | Value million \$ |
| 1. Soybeans & products | 7 | 1,395.8 |
| 2. Live animals & meat | 9 | 370.3 |
| 3. Feed grains & products | 11 | 327.4 |
| 4. Cotton & linters | 7 | 175.9 |
| 5. Rice | 5 | 165.9 |
| Overall rank | 10 | 2,861.0 |

Conservation: \$108.8 million

FSA made significant investments toward conserving and improving soil, water, and wildlife resources in Missouri. Conservation investments in FY 2011 include:

\$105,113,065 - Conservation Reserve Program (CRP) provides financial incentives, cost-share and rental payments to producers who convert highly erodible cropland or environmentally sensitive acreage to long-term vegetative cover.

\$1,993,405 - Emergency Conservation Program (ECP) provides emergency funding for farmers and ranchers to rehabilitate farmland damaged by natural disasters and carry out emergency water conservation measures during periods of severe drought.

\$1,453,834 - Grassland Reserve Program (GRP) is a voluntary program designed to protect grasslands from conversion to cropland or other uses and conserve valuable grasslands by maintaining viable ranching operations.

\$271,494 - The Biomass Crop Assistance Program (BCAP) provides financial assistance to owners and operators of agricultural and non-industrial private forest land who wish to establish, produce and deliver biomass feedstocks.

Disaster Assistance: \$37.6 million

From drought to flood, freeze and tornadoes - FSA was financially responsive to Missouri producers following natural disasters.

\$273,149 - Non-Insured Crop Disaster Assistance Program (NAP) provides financial assistance to producers of noninsurable crops when low yields, loss of inventory, or prevented planting occurs due to natural disasters.

\$1,534,889 - Livestock Indemnity Program (LIP) provides partial reimbursements to eligible livestock owners for livestock losses suffered due to a natural disaster or other emergency.

\$1,385,696 - Livestock Forage Program (LFP) provides compensation to eligible livestock producers who have suffered grazing losses for covered livestock on land that is native or improved pasture land with permanent vegetative cover or is planted specifically for grazing.

\$39,015 - Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP) provide emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather or other conditions, including losses due to blizzards and wildfires, as determined by the Secretary.

\$10,512,163 - Crop Assistance Program (CAP) provides disaster aid to producers in specified counties whose rice, upland cotton, soybean and sweet potato production was affected by excessive moisture in 2009.

\$23,814,074 - Supplemental Revenue Assistance Payment (SURE) provides benefits for 2008 through 2011 crop year farm revenue losses due to natural disasters. It is the 2008 Farm Bill's successor to prior ad hoc crop disaster programs.

Farm Loans: \$184.3 million

FSA offers various loan options to Missouri farmers and ranchers who manage family-sized operations and who were temporarily unable to obtain private or commercial credit.

\$138,751,253 - Guaranteed Loan Program FSA guarantees loans made by conventional agricultural lenders for up to 95 percent of any loss if the loan fails. In FY 2011, FSA guaranteed 300 farm ownership loans and 254 operating loans.

\$45,581,750 - Direct Loan Program FSA provides assistance to those unable to obtain guaranteed loans. In FY 2011, FSA funded 180 farm ownership loans and 483 operating loans. Included in these direct and guaranteed direct loans are 75 youth loans (\$233.4 K), 529 loans to beginning farmers (\$62.6M) and 179 loans to socially disadvantaged producers (\$17.0M).

Missouri FSA Program Payments by County

Includes commodity loans, program, conservation and disaster payments, as well as farm loan obligations
