4	See attached description	3500
5		
<input type="checkbox"/>	No change. If no change, attach most recent FSA-582 and map.	

6A. SIGNATURE OF CHAIRPERSON FSA COC COMMITTEE

David Stevens

6B. DATE (MM-DD-YYYY)

3/22/16

Instructions for preparing map. On a county map delineate the boundaries of the LAA's and identify the LAA numbers. Show the location of the County Office or other civil subdivisions included with each LAA. Include maps with LAA boundaries before and after the proposed changes.

HILL COUNTY LAA DESCRIPTIONS

LAA 1

Beginning at the north west corner of Hill county, follow the northern border of the county east to its intersection with the Milk River's border crossing in the NW corner of section 3 T37N R9E then follow the Milk River south and east to the intersection of the river and the common boundary of sections 3 and 4 T36N R11E, then south along section line and continuing south along the common boundary of sections 9 and 10 T36N R11E, to the intersection with MT HWY 449 and continuing south to the intersection with MT HWY 448, then continuing south along the highway to its intersection the common boundary between sections 33 and 34 R30N T11E, and continuing south along the section line to southern boundary of Hill county. Then following the county boundary around the south west corner of the county and back to the point of the beginning.

LAA 2

Beginning at the intersection with the Milk River's county border crossing in the NW corner of section 3 T37N R9E following the Milk River south and east to its intersection with MT HWY 232. Then south following HWY 232 to its intersection with MT HWY 2, then west to the intersection with MT HWY 234, then following the highway south to the intersection with Beaver Creek Road, then following Beaver Creek Road south to its intersection with the boundary of the Rocky Boy's Reservation, then continuing east along the reservation boundary until it turns south and continuing south along the reservation boundary to the point where it turns west and continuing west along the reservation boundary to its intersection with the common boundary between sections 25 and 26 T28N R16E, then south along that section line and continuing south along the section line between section 35 and 36 T28N R11E to the southern boundary of Hill county, then east along the county border until it turns north, then following the county border around the north east corner of the county and back to the point of the beginning.

LAA 3

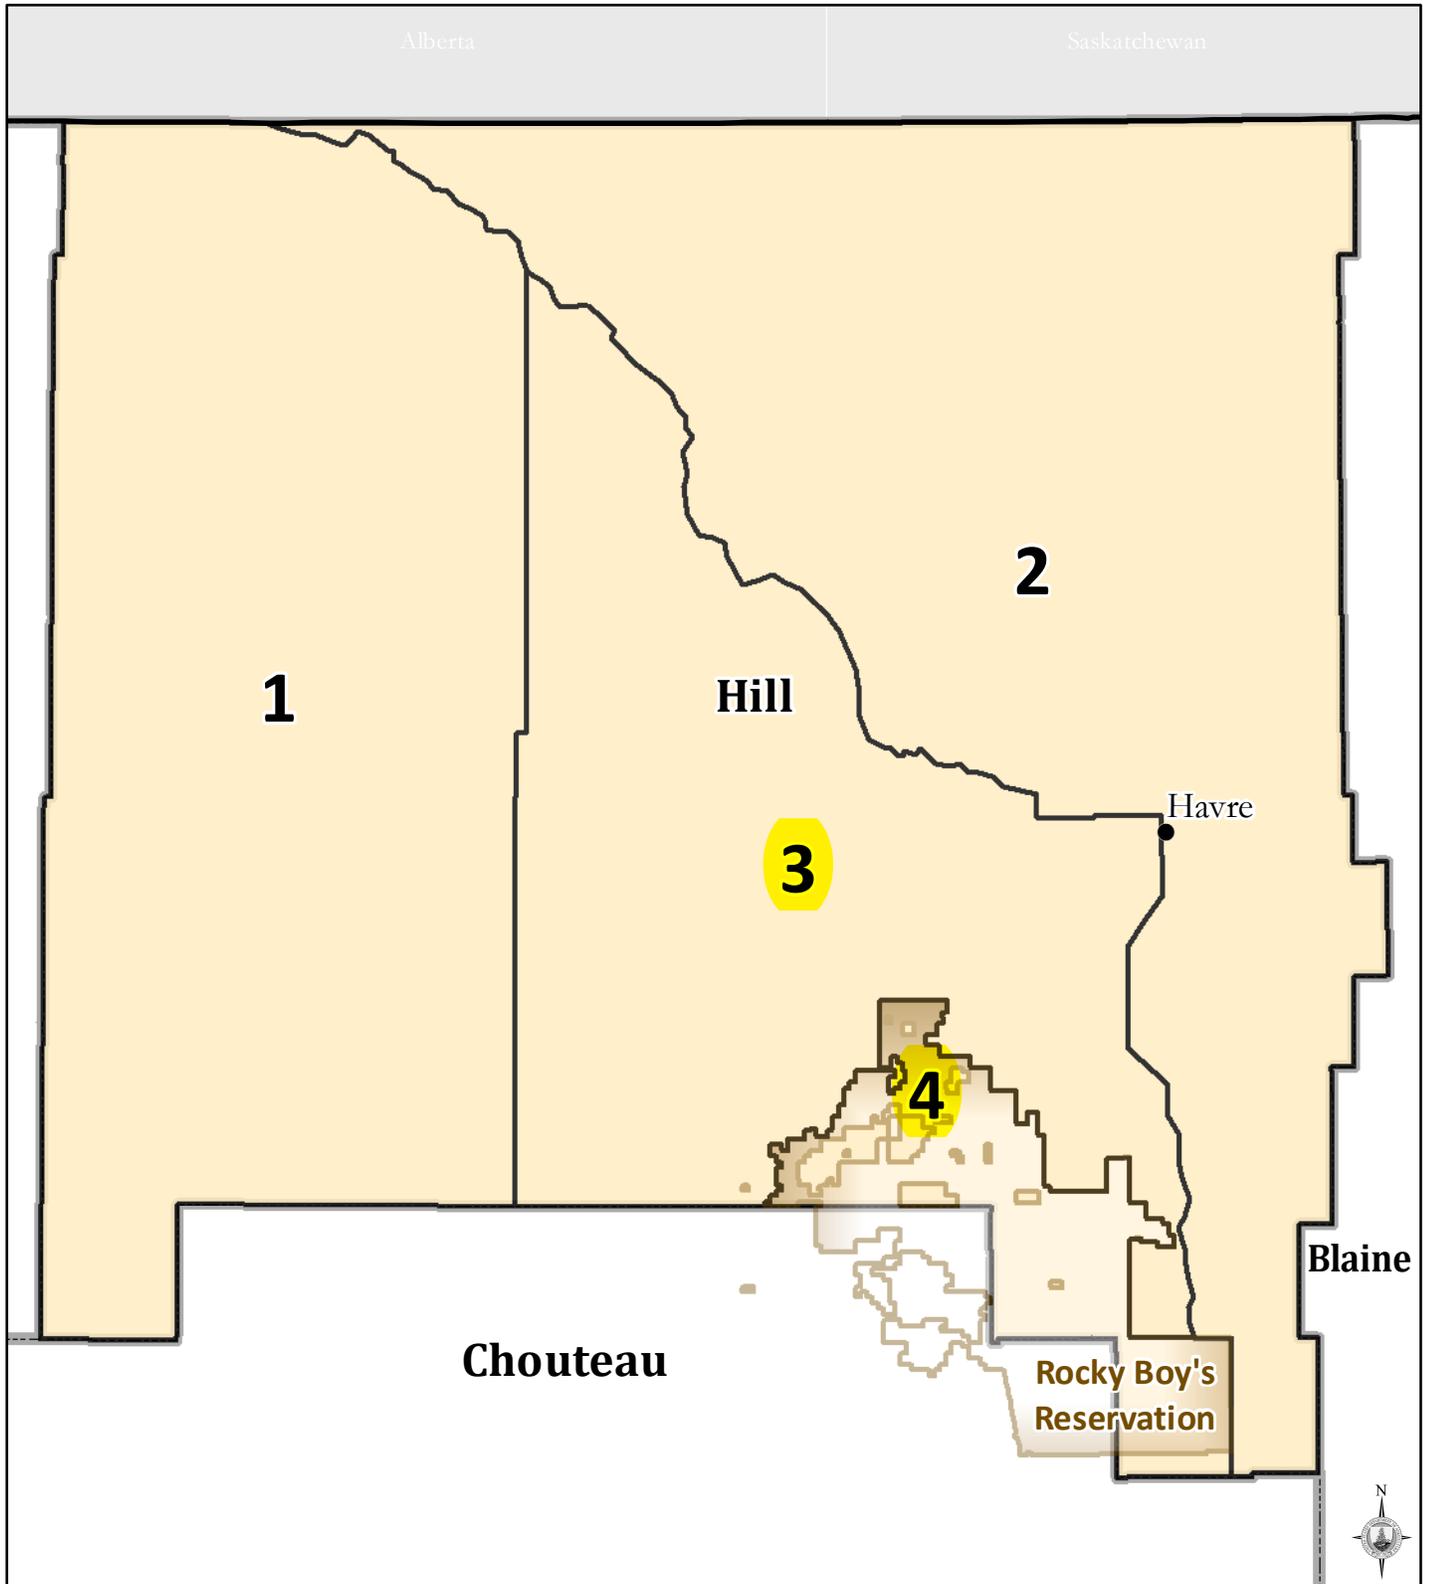

Beginning at the intersection of the Milk River and the common boundary of sections 3 and 4 T36N R11E, then south along that section line and continuing south along the common boundary of sections 9 and 10 T36N R11E, to the intersection with MT HWY 449 and continuing south to the intersection with MT HWY 448, then continuing south along the highway to its intersection the common boundary between sections 33 and 34 R30N T11E, and continuing south along that section line to southern boundary of Hill county, then east to the boundary of the Rocky Boy's Reservation, then following the reservation boundary generally north, then generally east then generally south to the point where the reservation boundary intersects Beaver Creek Road, then north along that road to its interstation with MT HWY 234, continuing north along HWY 234 to the intersection with MT HWY 2, then east along HWY 2 to its intersection with MT HWY 232, then north to the intersection of the highway and the Milk River, then following the Milk River generally north and west to the point of the beginning.

LAA 4

The Rocky Boy's reservation and that portion of Hill county laying south of the reservation beginning at the intersection of the Rocky Boy's reservation and the common boundary between section 25 and 26 T28N R16E, south along the section line and continuing south along the section line between section 35 and 36 T28N R11E to the Hill county boundary, then west along the county boundary to the point that it turns north, then north along that boundary until it intersects with the boundary of the reservation, then east along the southern boundary of the reservation to the point of the beginning.
