Jackson-Josephine County FSA Updates

Jackson-Josephine County FSA Office

573 Parsons Dr, Ste 101
Medford, OR 97501

Phone: 541-776-4270
Fax: 541-776-4295

County Executive Director:
Joe Hess

Farm Loan Officer:
Chris Kirby
Phone: 541-883-6924

Farm Loan Manager:
Jim Jutson
Phone: 541-673-6071

DCP/ACRE Sign-Up Continues

The sign-up period for DCP and ACRE are still open. Producers are encouraged to sign up for DCP before the Aug. 2, 2013, deadline. An even earlier deadline is for ACRE, which will end June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

Farm Changes

Remember to provide all changes to your farm records to the local FSA office for the current crop year. If you are changing your operation entity type, adding or dropping cropland or farms, or adding entities to your operation, contact the FSA county office to update your file.

2013 FSA County Committee Elections

The election of agricultural producers to the Farm Service Agency (FSA) county committees is important to all farmers and ranchers, whether beginning or long-established, large or small operation. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

County committees provide local input on:

- Commodity price support loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs

- Payment eligibility.

FSA county committees operate within official regulations designed to carry out federal laws and members apply their judgment and knowledge to make local decisions.

Election Period

June 17, 2013 – The nomination period begins.

Aug. 1, 2013 – This is the last day to file nomination forms (FSA-669A) at the local USDA Service Center.

Nov. 4, 2013 – Ballots mailed to eligible voters.

Dec. 2, 2013 – Last day to return completed ballots to the USDA Service Center.

Jan. 1, 2014 – Newly elected county committee members take office.

Who Can Hold Office

To hold office as a county committee member, a person must meet the basic eligibility criteria:

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the local administrative area (LAA) in which the person is a candidate.

Not have been:

- Removed or disqualified from the office of county committee member, alternate or employee
- Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
- Dishonorably discharged from any branch of the armed services.

Nominations

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at USDA Service Centers and [online](#).

Nomination forms for the 2013 election must be postmarked or received in the local USDA Service Center by close of business on Aug. 1, 2013.

Agricultural producers who participate or cooperate in an FSA program may be nominated for candidacy for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

Who Can Vote

Agricultural producers of legal voting age may be eligible to vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm also may be eligible to vote. More information about voting eligibility requirements can be found in the FSA fact sheet titled "FSA County Committee Election – Eligibility to Vote and Hold Office as a County Committee Member." Producers may contact their local USDA Service Center for more information.

The LAA holding an election this year is LAA 3 which covers the southern portion of Jackson County including the communities of Medford, Phoenix, Talent, Ashland, Jacksonville, and Ruch.

SURE 2011 Disaster Program Sign-up

Sign-up period for the 2011 crop year Supplemental Revenue Assistance Payments (SURE) program ends on June 7, 2013. This program authorizes assistance to farmers and ranchers who suffered crop losses caused by natural disasters occurring through Sept. 30, 2011.

SURE eligibility requirements:

- 1) At least a 10-percent production loss on a crop of economic significance due to disaster;
- 2) A policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program (NAP) for all economically significant crops;
- 3) Be physically located in a county that was declared a primary disaster county or contiguous disaster county under a USDA Secretarial Disaster Designation. For 2011, Secretarial Disaster Designations were issued for the following Oregon counties: Clackamas, Clatsop, Columbia, Gilliam, Grant, Harney, Hood River, Jefferson, Malheur, Marion, Morrow, Multnomah, Sherman, Tillamook, Umatilla, Union, Wallowa, Wasco, Washington, Wheeler, and Yamhill.
- 4) For counties without a 2011 Secretarial Disaster Designation, individual producers may be eligible if the farm experienced a 50 percent or greater production loss due to disaster compared to normal production.
- 5) A "farm" for SURE purposes means the entirety of all crop acreage in all counties that a producer planted or intended to plant for harvest for normal commercial sale or on-farm livestock feeding, including native and improved grassland intended for haying.

Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage. For more information on the 2011 SURE program, visit any FSA county office or the FSA SURE webpage at <http://www.fsa.usda.gov/FSA/webapp?area=home&subject=diap&topic=sure> .

Crop Reporting

After spring planting, producers should certify their 2013 acreage. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. For crops enrolled in programs other than NAP (Noninsured Crop Disaster Assistance Program), acreage reports are to be certified by July 15.

Acreage reports on crops covered by NAP are due in the county office the earlier of 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported or July 15.

Crop Losses

Producers who suffer crop losses because of weather related conditions are reminded to contact their FSA office to report their losses. Producers whose crops are destroyed are encouraged to file a CCC-576 in order for FSA to report that acreage as failed acreage. Reporting your acreage properly will help maintain your eligibility for any future programs.

For those producers with NAP insurance, you must file a Notice of Loss within 15 days of a disaster event which causes a loss or within 15 days of when the loss becomes apparent. For NAP producers, if you suffer a loss and cannot harvest your crop an appraisal must be performed to determine the production potential for the farm. This appraisal must be conducted prior to grazing or destroying the crop.

Highly Erodible Land and Wetland Compliance

Landowners and operators are reminded that in order to receive payments from USDA, they must be compliant with Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions. Farmers with HEL determined soils must apply tillage, crop residue and rotation requirements as specified in their conservation plan.

Producers should notify FSA prior to conducting land clearing or drainage projects to ensure compliance. If you intend to clear any trees to create new cropland, these areas will need to be reviewed to ensure any work will not jeopardize your eligibility for benefits.

Landowners and operators can complete form AD-1026 Highly Erodible Land Conservation (HEL) and Wetland Conservation (WC) Certification to determine whether a referral to Natural Resources Conservation Service (NRCS) is necessary.

For more information on Highly Erodible Land and Wetland Conservation provisions, contact a FSA County Office or visit the FSA website at www.fsa.usda.gov.

Guaranteed Loan Program

The Farm Service Agency loan limit for the Guaranteed Loan Program has increased to \$1,302,000. The limit is adjusted annually based on data compiled by the National Agricultural Statistics Service.

The lending limit increases every year according to an inflation index. The maximum combined guaranteed and direct farm loan indebtedness has increased to \$1,602,000.

As a reminder, the one-time loan origination fee charged on FSA guaranteed farm ownership and operating loans is 1.5 percent of the guaranteed portion of the loan.

Producers should contact their local FSA County Offices with questions about farm loans.

Loans for the Socially Disadvantaged

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Farm operating loans are available as well as loans to purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged applicants.

A socially disadvantaged applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, socially disadvantaged groups are women, African-Americans, American Indians, Alaskan Natives, Hispanics, Asian-Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

Hay Net

Producers are encouraged to use Hay Net on the FSA website (<http://www.fsa.usda.gov/haynet>). This online service allows producers with hay and those who need hay to post ads so they can make connections. Hay Net is a popular site for farmers and ranchers who have an emergency need. Individual ads can be posted free of charge by producers who complete a simple online registration form the first time they use the site.

Direct Deposit Changes

If you have recently changed your financial institution or had made changes to your account information, please let us know. This is needed to ensure that you will receive your future payments in a timely manner. Please contact the FSA office with any questions.

Dates to Remember

May is Asian/Pacific American Heritage Month

May 20 - CRP sign-up begins

May 27 - Memorial Day - office closed

June 3 - ACRE sign-up deadline

June 7 - SURE sign-up deadline

June 14 - CRP sign-up deadline

June 17 - COC nomination period begins

Aug. 1 - COC nomination deadline

Aug. 2 - DCP sign-up deadline
