(d) *Comptroller General Examination of Record.* The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records—Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are

finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e)(1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c), and (d) of this clause, the Contractor is not required to flow down any FAR clause, other than those in paragraphs (i) through (vii) of this paragraph in a subcontract for commercial items. Unless otherwise indicated below, the extent of the flow down shall be as required by the clause-

(i) 52.219-8, Utilization of Small Business Concerns (May 2004) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$550,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (March 2007) (E.O. 11246).

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (Sept 2006) (38 U.S.C. 4212).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (June 1998) (29 U.S.C. 793).

(v) 52.222-39, Notification of Employee Rights Concerning Payment of Union Dues or Fees (Dec 2004) (E.O. 13201).

(vi) 52.222-41, Service Contract Act of 1965, as Amended (July 2005), flow down required for all subcontracts subject to the Service Contract Act of 1965 (41 U.S.C. 351, et seq.).

(vii) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. App. 1241(b) and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

Section H Performance Work Statement

Part 1 Background

KCCO procures on behalf of its customer agencies, USDA-Foreign Agriculture Service and U.S. Agency for International Development, staple foods for use in foreign food aid distribution programs. The food is purchased in bulk and packaged form and transported overseas by ocean carriers to discharge port or foreign inland destination for delivery to NGOs or foreign governments. The Government's desire is that all food aid it has procured arrives at final destination without loss or damage. However, given the inherent nature of transporting bulk and packaged food long distances by sea and overland in foreign locales, there is a potential for loss or damage. To address this risk, the Government is seeking to hire marine cargo survey companies to attend at discharge, delivery, and other locations where containerized cargoes may be accessed in order to witness and examine cargoes, document the count and condition of these food aid shipments and activities related to disposition, and provide a written report. The survey reports issued by the Contractors will be used by the Government to fix responsibility for loss and damage to the food aid and pursue claims against ocean carriers.

Part 2 Scope Of Work

The surveyor is required to attend at the following locations:

1. Discharge port identified in Section B of this RFQ.
2. Delivery location, if so identified in Section B of this RFQ.
3. For containerized shipments, at customs locations outside of port where containers are opened.

In general, we are seeking experienced survey firms, appropriately licensed and having the requisite knowledge, experience, and staffing to perform the work.

Part 3 Applicable Documents

The following legal/regulatory documents are relevant to this acquisition:

- United States Carriage of Goods by Sea Act (COGSA);
- The Harter Act;
- 22 CFR 211—Transfer of Food Commodities for Food Use in Disaster Relief, Economic Development and Other Assistance;
- 7 CFR 1499—Foreign Donation Programs, Liability For Loss, Damage, Or Improper Distribution Of Commodities--Claims And Procedures;
- 7 CFR 1599—McGovern-Dole International Food for Education and Child Nutrition Program

Part 4 Required Services

The Contractor shall provide all management, supervision, and personnel to provide the following under the contract:

1. A single point of contact, including phone number and e-mail, for all matters under the contract(s).

For each cargo shipment:

2. A cargo survey by qualified, experienced surveyors at vessel discharge and, if any, the port customs station.
3. If cargo moves to inland location, a cargo survey by qualified, experienced surveyors at the final delivery location. On through bills of lading, survey will include loading on conveyance at discharge location for delivery.
4. For any containerized cargoes, a survey at customs locations between discharge port and final destination where containers are opened.
5. Documentation and evidence of:
 - a. the quantity of cargo discharged/delivered
 - b. the condition of cargo discharged/delivered, including a complete description of the type and severity of the damage, and give probable cause of damage.
 - c. if containerized, the number and condition of containers discharge/delivered.
6. In the event of major loss, the Contracting Officer or COTR is notified immediately.
7. Evidence that written notice of loss was presented to carrier/carrier's representative within three days of discharge/delivery.
8. Observe, and provide documentation and evidence for the disposition of any damaged (including reconstituted) cargo.
9. The names, titles, and organizational affiliations of those present at discharge/customs inspection/delivery/destruction.
10. In the event of damaged cargo, obtain samples and, subject to separate authorization by the Contracting Officer or COTR, provide timely analysis of suspected unfit cargo by an independent third party lab, if local health official is not available.
11. Certifications signed by third parties (vessel personnel, NGO representatives, customs representatives) establishing attendance by the Contractor at each location attended.
12. Submission of the preliminary form KC-334 upon completion of discharge/delivery and submission of the final form KC-334 with the survey report.

Part 5 Deliverables

1. The Contractor shall liaise with the KCCO, the applicable vessel agent, and NGO in order to coordinate on-time attendance and the service to be provided.
2. The Contractor shall attend and observe at the locations stipulated in Part 4.

3. The Contractor shall provide a separate, written survey report and supporting documentation, in English or with translation, for each originating vessel's cargo and destination with sufficient detail and documentation so as to fix responsibility for losses occurring while cargo is under the care, custody, and control of the steamship company transporting the cargo. The report may be electronic or hard copy. A copy of the report should be sent to the receiver.
4. The complete report shall be submitted within 60 days of completion of discharge/delivery. If submission of the report cannot be made within 60 days, a request for extension must be made to the contracting officer by e-mail prior to the 60 day deadline, with justification for the delay and an estimated date of submission. If reconstitution is not expected to be completed within approximately two weeks, the report should still be submitted, with reconstitution documentation to follow upon completion of the process.
5. The Contractor shall provide timely replies to inquiries.

Part 6 Quality Assurance Plan

A. Objective:

The purpose of Quality Assurance Plan (QAP) is to provide quality assurance for the cargo survey services performed under the contract awarded through this solicitation. This plan provides a basis for the Contracting Officer or COTR to evaluate the quality of the Contractor's performance. The oversight provided for in the contract and in this plan shall ensure service levels reach and maintain the required levels throughout the contract term. This plan shall provide the Contracting Officer or COTR with a proactive way to avoid unacceptable or deficient performance.
