Rowena Chase x 108
Dawn Rose x 102

Next County Committee Meeting

Ballots Counted
January 23, 2013 9:00 am

New County Committee Election Ballots To Be Mailed.

The County Committee Election ballots that were mailed to producers on Nov. 4 were incorrectly printed with the producer's name and address on the back of the ballot. County committee elections must use a secret ballot so the misprinted ballots cannot be used. Please destroy or recycle the misprinted ballot. If you have already voted, your ballot will be destroyed unopened.

The County Committee Election ballots that were mailed to producers on Nov. 4 were incorrectly printed with the producer's name and address on the back of the ballot. County committee elections must use a secret ballot so the misprinted ballots cannot be used. Please destroy or recycle the misprinted ballot. If you have already voted, your ballot will be destroyed unopened.

New ballots will be mailed to producers on December 20, 2013. These ballots will indicate that they are the corrected ballot in several places, including on the outside of the mailing, on the ballot and on the outside of the return envelope.

FSA Advises Producers to Anticipate Payment Reductions Due to Mandated Sequester.

USDA's Farm Service Agency (FSA) is reminding farmers and ranchers who participate in FSA programs to plan accordingly in FY2014 for automatic spending reductions known as sequestration. The Budget Control Act of 2011 (BCA) mandates that federal agencies implement automatic, annual reductions to discretionary and mandatory spending limits. For mandatory programs, the sequestration rate for FY2014 is 7.2%. Accordingly, FSA is implementing sequestration for the following programs:

- Dairy Indemnity Payment Program;
- Marketing Assistance Loans;
- Loan Deficiency Payments;
- Sugar Loans;
- Noninsured Crop Disaster Assistance Program;
- Tobacco Transition Payment Program;
- 2013 Direct and Counter-Cyclical Payments;
- 2013 Average Crop Revenue Election Program;
- 2011 and 2012 Supplemental Revenue Assistance Program;
- Storage, handling; and Economic Adjustment Assistance for upland cotton

Conservation Reserve Program payments are specifically exempt by statute from sequestration, thus these payments will not be reduced.

These sequester percentages reflect current law estimates; however with the continuing budget uncertainty, Congress still may adjust the exact percentage reduction. Today's announcement intends to help producers plan for the impact of sequestration cuts in FY2014.

At this time, FSA is required to implement the sequester reductions. Due to the expiration of the Farm Bill on September 30, FSA does not have the flexibility to cover these payment reductions in the same manner as in FY13. FSA will provide notification as early as practicable on the specific payment reductions.

For information about FSA programs, visit your county USDA Service Center or go to www.fsa.usda.gov/.

Increased Guaranteed Loan Limit

The Farm Service Agency maximum loan limit for the Guaranteed Loan Program has increased to \$1,355,000 effective Oct. 1, 2013. The limit is adjusted annually based on data compiled by the National Agricultural Statistics Service. The lending limit is adjusted every year according to an inflation index. The maximum combined guaranteed and direct farm loan indebtedness will also increase to \$1,655,000.

As a reminder, the one-time loan origination fee charged on FSA guaranteed Farm Ownership and operating loans is 1.5 percent of the guaranteed portion of the loan.

Producers should contact their local FSA Office with questions about farm loans.

FSA Signature Policy

Using the correct signature when doing business with FSA can save time and prevent a delay in program benefits. The following are FSA signature guidelines:

- Spouses may sign documents on behalf of each other for FSA and CCC programs in which either has an interest, unless written notification denying a spouse this authority has been provided to the county office
- Spouses shall not sign on behalf of each other as an authorized signatory for partnerships, joint ventures, corporations, or other similar entities

For additional clarification on proper signatures contact your local FSA office.

2014 Acreage Reporting Dates

Producers now have until January 15, 2014, to report crops that have a November 15, 2013, or December 15, 2013, reporting deadline without paying a late-file fee. Crops under this waiver include wheat and native and improved grasses intended for grazing or haying. The Risk Management Agency (RMA) did not grant a waiver so producers need to consult their crop insurance agent for deadlines for insured crops.

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Klamath County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Klamath County:

December 15, 2013: Perennial Crops (Alfalfa, Grass Hay, Pasture) ,
Fall Planted Annual Crops (Winter Wheat)

July 15, 2014: Spring Planted Crops (Onions, Potatoes, Spring Grains)

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.

If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins. Late file fees will be assessed for 2013 crops reported after September 15, 2013, and 2014 crops reported after January 15, 2014.

For questions regarding crop certification and crop loss reports, please contact the Klamath County FSA office at 541-883-6924 x 2.

Dates To Remember

December 25, 2013 - Office Closed

January 1, 2014 - Office Closed

January 14, 2014 - 2014 Ag Expo - Crop Insurance Presentations By Dave Paul, Director Risk Management and FSA

January 15, 2014 - Last Day to file acreage reports for Crops with a December 15, 2013 reporting date without a late fee.

Please contact Jennifer Simon, County Executive Director, at (541) 883-6924 x 107, jennifer.simon@or.usda.gov or for Farm Loans, please contact Jim Jutson, Farm Loan Manager, at (541) 673-6071 x 108, jim.jutson@or.usda.gov.
