Farm Loans

Debbie Wakefield, Chief
Administrative Officer

Farm Storage Facility Loans

The Farm Storage Facility Loan Program (FSFLP) allows producers of eligible commodities to obtain low-interest financing to build or upgrade farm storage and handling facilities.

The new maximum principal amount of a loan through FSFL is \$500,000. Participants are now required to provide a down payment of 15 percent, with CCC providing a loan for the remaining 85 percent of the net cost of the eligible storage facility and permanent drying and handling equipment. New loan terms of seven, 10 or 12 years are available depending on the amount of the loan. Interest rates for each term rate may be different and are based on the rate which CCC borrows from the U.S. Treasury Department.

Payments are available in the form of a partial disbursement and the remaining final disbursement. The partial disbursement will be available after a portion of the construction has been completed. The final fund disbursement will be made when all construction is completed. The maximum amount of the partial disbursement will be 50 percent of the projected and approved total loan amount.

Applications for FSFL must be submitted to the FSA county office that maintains the farm's records. An FSFL must be approved before any site preparation or construction can begin.

For more information about FSFL please visit your FSA county office or www.fsa.usda.gov

Controlled Substance

Program participants convicted under federal or state law of any planting, cultivating, growing, producing, harvesting or storing a controlled substance are ineligible for program payments and benefits. If convicted of one of these offenses, the program participant shall be ineligible during that crop year and the four succeeding crop years for direct and counter-cyclical payments, price support loans, loan deficiency payments, market loan gains, storage payments, farm facility loans, Non-insured Crop Disaster Assistance Program payments or disaster payments. Program participants convicted of any federal or state offense consisting of the distribution (trafficking) of a controlled substance shall, at the discretion of the court, be ineligible for any or all program payments and benefits:

- for up to 5 years after the first conviction
- for up to 10 years after the second conviction
- permanently for a third or subsequent conviction

Program participants convicted of federal or state offense for the possession of a controlled substance shall be ineligible, at the discretion of the court, for any or all program benefits, as follows:

- up to 1 year upon the first conviction
- up to 5 years after a second or subsequent conviction.

Loans for the Socially Disadvantaged

FSA has farm operating loans as well as loans to purchase or improve farms or ranches to assist applicants to begin or continue in agriculture production. While all qualified producers are eligible to apply for these loan programs, FSA has priority funding for socially disadvantaged applicants.

A socially disadvantaged applicant is a person who is a member of a group that has been subjected to racial, ethnic or gender prejudice without regard to the members' individual qualities. For purposes of this program, socially disadvantaged groups are women, African-Americans, American Indians, Alaskan Natives, Hispanics, Asian-Americans and Pacific Islanders. FSA loans are available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

Beginning and Limited Resource Farmers

FSA assists beginning farmers and or members of socially disadvantaged groups to finance agricultural enterprises. Under these designated farm loan programs, FSA can provide financing to eligible applicants through either direct or guaranteed loans. FSA defines a beginning farmer as a person who:

- Has operated a farm for not more than 10 years

- Will materially and substantially participate in the operation of the farm

- Agrees to participate in a loan assessment, borrower training and financial management program sponsored by FSA

- Does not own a farm in excess of 30 percent of the county's median size.

Additional program information, loan applications, and other materials are available at your local USDA Service Center. You may also visit www.fsa.usda.gov.

Payment Limitations (PL)

All payment eligibility and payment limitation provisions, including AGI limitations, are extended for the 2013 crop year, program year, and FY.

All rules and requirements effective for 2012 program payments and benefits are applicable to eligible recipients of 2013 program payment and benefits. This includes the requirements of actively engaged in farming, cash-rent tenant, substantive change, minor child, and spousal provisions. Payments will continue to be limited by direct attribution to person and legal entity.

Additional information on payment limitations is available at FSA county offices or online at: www.fsa.usda.gov

Highly Erodible Land and Wetland Compliance

Landowners and operators are reminded that in order to receive payments from USDA, they must be compliant with Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions. Farmers with HEL determined soils must apply tillage, crop residue and rotation requirements as specified in their conservation plan.

Producers should notify FSA prior to conducting land clearing or drainage projects to ensure compliance. If you intend to clear any trees to create new cropland, these areas will need to be reviewed to ensure any work will not jeopardize your eligibility for benefits.

Landowners and operators can complete form AD-1026 Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification to determine whether a referral to Natural Resources Conservation Service (NRCS) is necessary.

For more contact a FSA County Office or visit the FSA website at www.fsa.usda.gov.

Receipt for Service

A Receipt for Service, upon request, must be provided to any inquirer, applicant, or customer who seeks information about, or request any benefit or service provided by FSA. Request made by telephone, FAX, e-mail, or mail must be provided, or mailed, by the next day.

Important Date

September 15 is the final date to file a late FSA-578 for 2013 without paying a late file fee. All FSA-578's filed after September 15, will be subject to late file fees.
