FSA UPDATES

Morrow County FSA Hires New CED

Darcy Vial has just joined the FSA team in Morrow County, as the new CED.

Darcy grew up in the Willamette Valley, and graduated from Oregon State University in 2006 with degrees in Animal Science and General Agriculture.

Prior to coming to Morrow County, Darcy trained in the Oregon FSA COT (County Operations Trainee) program since September 2007. She has trained

in the Wasco, Lane, Baker and Harney County offices.

Darcy says:

“I am excited to be living and working in Morrow County, and excited to meet the producers we serve and learn about their operations.

Please feel free to stop in to the office at any time—my door is always open!”

Direct Counter-Cyclical Payments (DCP)

Appointments Begin July 7, 2008

The Direct and Counter-Cyclical Payment (DCP) program was reauthorized in the Farm Bill for 2008 through 2012.

Sign-ups will begin in Morrow County on July 7, 2008. Call the office to make an appointment.

The deadline to sign up for 2008 DCP is September 30, 2008. Late sign-ups will not be available in 2008.

The base acreage that was in effect on September 30, 2007 will remain in effect for 2008 DCP. DCP payments will be paid on 85% of base acres available.

Advance payment options will be available, with up to 22% of the total payment available in ad-

vance. For 2008, advance payments will be made as soon as practical after the producer files their application. The remaining direct payment will be paid in October 2008.

Beginning with the 2008 DCP program, payments will not be made if the sum of the base acres on a farm is 10 acres or less. The following exceptions are:

1. If the producer is a socially disadvantaged farmer or rancher
2. If the producer is a limited resource farmer or rancher.

2008-2012 DCP Payment Rates

Wheat—\$0.52/bu
Corn—\$0.28/bu
Barley—\$0.24/bu
Oats—\$0.024/bu

Call the FSA office at 541-676-9011 ext. 2 to make your DCP appointment.

Note: The Average Crop Revenue Election (ACRE) Program will not begin until 2009. Producers will receive more information about ACRE as it becomes available.

Morrow County Committee Elections

Nominations due by:
August 1, 2008

One of FSA's responsibilities is to hold County Committee elections in an open manner that ensures accountability. County FSA Offices will provide local organizations representing socially disadvantaged groups with detailed information about the COC election process. FSA is reaching out to agricultural communities to get equitable representation on their county committees.

Morrow County is served by three COC members—One member from North Morrow County (LAA 1), one member from Southeast Morrow County (LAA 2) and one member from Southwest Morrow County (LAA 3). Each member serves a three year term. Each year, one LAA holds an election. This year, LAA 2, served by Todd Lindsay will elect their representative. A County Committee Election Fact Sheet and Nomination form will be mailed soon to each producer in Southeast Morrow County.

Groups representing socially disadvantaged farmers and ranchers, will be actively solicited for COC election candidates, and encouraged to fill out a nomination form (**FSA-669A**). Under represented farmers and ranchers are encouraged to step up and participate in their county's COC election process.

COC election fact sheets can be found online at <http://www.fsa.usda.gov/FSA> under the News & Events tab on the FSA homepage.

Certification: Report Crop Acres

File an accurate and timely report for all crops and land uses, including failed acreage, to prevent loss of benefits for a variety of FSA programs.

All cropland on the farm must be reported to receive benefits from: Direct and Counter-cyclical Program (DCP), marketing assistance loans and Loan Deficiency Payments, Conservation Reserve Program (CRP), and Non-insured

Assistance Program (NAP).

Crop reports on form FSA-578, Report of Acreage, must account for all cropland on a farm, whether idle or planted. Producers are required to file reports by August 15, 2008.

Prevented Planted crops need to be reported no later than 15 calendar days after the final planting date.

Failed Acreage reports must be filed before disposition of the crop, and producers must be able to establish to the satisfaction of the county committee that the crop failed and was prevented from being replanted through the normal planting period because of natural disaster conditions.

Contact the office if you haven't already come in to certify your acreage.

August 15, 2008

Acreage Reports Due

Farm Bill Update

After voting to override the President's veto, the Food, Conservation and Energy Act of 2008, (commonly known as the Farm Bill) was passed on May 22, 2008.

In the following weeks, the national office in

Washington D.C. will be working to interpret the Farm Bill and the programs that it will provide to American farmers and ranchers.

After the Farm Bill is interpreted, and national training has occurred, the Morrow County FSA staff will receive training and further information.

We know that everyone will have questions about the new Farm Bill, and what it means for each producer. As soon as the Morrow FSA office receives training, we will pass the information along to producers through mailings and local meetings.

Watch for more information to come!

CRP News—Critical Feed Use

Conservation Reserve Program (CRP) participants with certain established vegetative cover may voluntarily have their CRP contract modified by CCC to utilize certain land enrolled in CRP for critical feed use, including haying and grazing. To ensure protection of the resources, critical feed use is not authorized during the primary bird nesting or brood-reading seasons. The more environmentally sensitive land will not be eligible for haying and grazing and must be left undisturbed. This modification for critical feed use is only available in 2008 after the primary nesting season ends. (July 16—Nov. 10, 2008 is the authorized haying and grazing period in Oregon.)

Participants who request a voluntary modification to the CRP contract to allow critical feed use must also obtain a modified conservation plan for haying and grazing management in accordance with NRCS Field Office Technical Guide haying and grazing standards. The modified plan will provide for haying or grazing in a manner that is consistent with the conservation goals of the CRP to reduce soil erosion and enhance water quality and wildlife habitat.

No payment reduction will be assessed on contracts being utilized for this critical feed use. Producers will be required to pay a fee of \$75 for the modification of each CRP contract.

Signup begins June 2, 2008. Contact the Morrow FSA Office at (541) 676-9011 x 2 to schedule an appointment.

Dates to Remember:

June 2—Signup Begins

July 16—1st day to graze/hay

Nov. 10—All haying/grazing must be completed

Notes:

Cannot graze/hay within 120' of a stream or permanent water body

Can sign up anytime between June 2—Nov. 10

or 2007?*

Crop Disaster Program

FSA is currently accepting applications for the Crop Disaster Program (CDP). Producers may be eligible for benefits if they suffered QUANTITY or QUALITY losses to their crops from natural disaster and related conditions that occurred in 2005, 2006 or 2007. Producers may choose only one year to receive benefits.

Producers must have had multi-peril crop insurance or coverage under the Noninsured Crop Disaster Assistance Program (NAP) for the year of the loss to be eligible for CDP benefits.

FSA staff received training June 2-3 for the quality loss program.

If you believe you suffered a QUALITY loss program to your insured crop, please contact Darcy Vial in the FSA office to schedule an appointment. (541) 676-9011 x 105

Sign-ups for CDP Quality will begin after June 20, 2008.

Sign-ups for CDP Quantity are ongoing.

Livestock Program Deadlines

July 18, 2008 has been announced as the deadline to apply for the 2005—2007 Livestock Compensation Program (LCP) and Livestock Indemnity Program (LIP).

LCP compensates livestock producers for grazing or stored feed losses resulting from natural disasters.

LIP compensates producers for livestock deaths that were a result of a natural disaster.

Producers in primary or contiguous counties with declared disasters are eligible.

Livestock must be owned or cash-leased, and have been located in Morrow County on the beginning

date of the disaster and maintained for commercial use.

If you have any questions, or would like to set up an appointment, please call the office at (541) 676-9011 x. 2

The U. S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write: USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

eGov is available on-line: Producers have the ability to apply for program assistance via their home computers. Interested producers must first obtain a level 2 clearance before using this system. You can register online at www.egov.usda.gov or you can visit our office to obtain the required Level 2 authority. Once this is done, your ID is verified by the FSA office, and your account is activated, you can go on-line to do USDA business.

Level 2 authority will allow you access to: Loan Deficiency Program, Direct & Counter Cyclical Payment Program, Farm Loan Program, Financial Services, and your personal Customer Payment Statements.
