

Annual Commodity Price Guide for 2015 Planning Season

The following commodity prices have been established for the State of Oklahoma for use in developing realistic annual farm operating budgets for both direct and guaranteed loan making and servicing decisions.

The Agricultural Act of 2014 (the 2014 Farm Bill) authorized the Agriculture Risk Coverage (ARC) Program and Price Loss Coverage (PLC) Program, which provide revenue and price loss payments to eligible producers for the 2014 through 2018 crop years. However, since the ARC/PLC payments are not guaranteed annually, they will **not** be included in the cash flow.

The intent of this price list is to assure compliance with policy and regulations that relate to prudent loan making and servicing actions. These prices will be used in developing Farm Business Plans in accordance with FSA Handbook 3-FLP.

Prices for other commodities can be requested from the Farm Loan Programs Section.
