Dates to Remember:

March 16 – NAP Sales closing date for all crops except value loss crops and honey

March 16 – Crop insurance sales closing date for 2008 spring-seeded crops

March 31 – Final loan/LDP availability date for various crops harvested in 2008

June 1 – Final date to sign up for the 2009 DCP program

Sanders Co. FSA

March 2009

2009 Direct and Counter-cyclical Program Signup

The 2009 Direct and Counter-cyclical Payment (DCP) program for farms with base acres began December 22, 2008 and will continue until June 1, 2009. Farms may not be enrolled after June 1 of the applicable contract period. There are no late filed provisions for contract years 2009-2012.

Commodities covered by DCP include: wheat, corn, grain sorghum, including dual purpose varieties that can be harvested as grain; barley, oats, soybeans, canola, flaxseed, mustard seed, safflower, crambe, sesame seed, rapeseed and sunflowers including oil and non-oil varieties. Pulse crops have been added as an eligible commodity for the 2009 crop year for counter-cyclical payments only. Pulse crops include dry peas, lentils, small chickpeas (Garbanzo bean, Desi), and large chickpeas (Garbanzo bean, Kabuli). Base acreage may not exceed the available DCP cropland acreage on the farm. A producer with the sum of the base acreage on the farm with 10 acres or less must be a minority or limited resource farmer or rancher to be eligible for DCP payments. Reconstitutions of farms with 10 base acres or less are now allowed.

Direct and Counter-cyclical payments for the 2009 year will be made on 83.3 percent of the farm's base acreage. Final direct payments will be issued in October 2009.

Direct payment rates are:

Barley	\$0.24/bu
Corn	\$0.28/bu
Grain Sorghum	\$0.35/bu
Oats	\$0.024/bu
Other Oilseeds	\$0.80/cwt
Soybeans	\$0.44/bu
Wheat	\$0.52/bu

Planting flexibility is allowed but includes planting restrictions for fruits and vegetables on base acreage without farm or producer history. To maintain eligibility: 1) meet Highly Erodible Land and Wetland provisions requirements; 2) report all cropland acres; 3) meet actively engaged in farming and person determination requirements; and 4) comply with adjusted gross income provisions. Payment limitation amounts are \$40,000 for direct payments and \$65,000 for counter-cyclical payments.

Secretarial Designations – Eligibility for Disaster Programs

Fifteen Montana counties were declared primary natural disaster areas during the period beginning January 1, 2008 and continuing.

The following counties have received the disaster designation:

Broadwater	Fallon	Prairie
Big Horn	Gallatin	Richland
Custer	Golden	Roosevelt
	Valley	
Daniels	Madison	Sheridan
Dawson	McCone	Wibaux

Contiguous counties include:

Beaverhead	Meagher	Silver Bow
Carter	Mineral	Stillwater
Carbon	Musselshell	Sweet
		Grass
Fergus	Park	Treasure
Garfield	Powder	Valley
	River	
Jefferson	Rosebud	Wheatland
Lewis and Clark	Sanders	Yellowstone

The disaster designation has an important significance in those counties as it allows eligible producers within those 15 counties and contiguous counties to participate in the Supplemental Revenue Assistance Program (SURE). SURE was one of the disaster programs created under the 2008 Farm Bill. It provides financial assistance for crop production and or quality losses due to a natural disaster. Two triggers make the program available:

- A Secretarial Disaster designation **and** at least a 10 percent crop production loss on at least one crop of economic significance which is defined as a crop which is expected to contribute at least 5 percent of the farm's income (Nationwide); or
- In the absence of a secretarial disaster declaration, farms in which the actual production on the farm is less than 50 percent of the normal production on the farm. Producers in counties that did not receive a secretarial declaration or contiguous county declaration have only this option available to qualify for SURE.

Secretarial Designations – Eligibility for Disaster Programs (cont.)

SURE requires that all crops in all counties in the nation be included on one application regardless if only one county received a secretarial declaration.

In addition, producers must have crop insurance of Non-Insured Crop Disaster Assistance Program (NAP) coverage for all crops excluding grazing lands. SURE does not pay for losses on crops intended for grazing. **Signup for SURE is unknown at this time.**

NAP Deadline March 16

For the 2009 crop year it is imperative to purchase Non-insured Crop Disaster Assistance Program (NAP) and catastrophic (CAT) level of crop insurance for all insurable and non-insurable crops. This is not only for production coverage but also for eligibility for the new permanent disaster programs created in the 2008 Farm Bill.

In order for producers to be **eligible** for assistance under the Supplemental Revenue Assistance (**SURE**) Program and the Emergency Assistance for Livestock, and Honey Bees, (**ELAP**), and the Tree Assistance Program (**TAP**) producers must obtain a plan of insurance for each insurable and non-insurable commodity on the farm, **excluding grazing**. To be eligible for assistance under the Livestock Forage Program (**LFP**) producers must obtain either coverage under the Pasture, Rangeland, and Forage Rainfall Index Pilot Program through crop insurance, or NAP coverage, or both on their grazing land.

Producers must file the required paperwork and pay the administrative fee by the NAP closing date of **March 16, 2009** for all crops except value-loss and honey. The deadline for value-loss and honey for 2009 has passed.

Please contact the office to ensure your eligibility for the new disaster assistance programs by March 16th.

Changes to FSA Payment Processing

FSA will be deploying a new payment processing system the first part of December.

Through the new system, all payments made through direct deposit will be processed through the Federal Reserve Bank and will be received in the participants account within 2-3 days of processing.

New Loan Interest Rates Provided

The interest rate for Marketing Assistance Grain loans changed at the beginning of 2009. The interest rate is 1.625%. This rate will stay in effect until the loan is paid in full.

Committee Election Results

Ron Chenoweth was elected to the Sanders County FSA Committee during the recent county committee election. He will represent farmers and ranchers from the Heron area south to Thompson Falls. Ron raises livestock, hay and timber in the Trout Creek area.

Changes to Farming Operation

FSA encourages producers to notify us of any changes to your farming operation including land ownership or lease changes, entity changes including members and shares, and who is authorized to sign documents for the operation or individuals.

Assistance Available with Planting and Harvesting

Farm Rescue is a non-profit organization which plants and harvests crops free of charge for farm families that have experienced a major injury, illness or natural disaster. Priority consideration is given to applications received by March 15. Visit <http://www.farmrescue.org> or call 701/252-2017 for further information, to refer a family in need or obtain an application.

Persons with disabilities who require accommodations to participate in FSA programs should contact Dale Neiman at 826-3751 (dale.neiman@mt.usda.gov)
