New Farm Bill Offers Increased Opportunities for Producers

The 2014 Farm Bill offers increased opportunities for producers including farm loan program modifications that create flexibility for new and existing farmers. A fact sheet outlining modifications to the U.S. Department of Agriculture's (USDA) Farm Service Agency (FSA) Farm Loan Programs is available [here](#).

The Farm Bill expands lending opportunities for thousands of farmers and ranchers to begin and continue operations, including greater flexibility in determining eligibility, raising loan limits, and emphasizing beginning and socially disadvantaged producers.

Changes that will take effect immediately include:

- Elimination of the 15 year term limit for guaranteed operating loans.
- Modification of the definition of beginning farmer, using the average farm size for the county as a qualifier instead of the median farm size.
- Modification of the Joint Financing Direct Farm Ownership Interest Rate to 2 percent less than regular Direct Farm Ownership rate, with a floor of 2.5 percent. Previously, the rate was established at 5 percent.
- Increase of the maximum loan amount for Direct Farm Ownership Down Payment Loan Program from \$225,000 to \$300,000.
- Elimination of rural residency requirement for Youth Loans, allowing urban youth to benefit.
- Debt forgiveness on Youth Loans, which will not prevent borrowers from obtaining additional loans from the federal government.
- Increase of the guaranteed percentage on Conservation Loans from 75 to 80 percent and 90 percent for socially disadvantaged borrowers and beginning farmers.
- Microloans will not count toward direct operating loan term limits for veterans and beginning farmers.

Additional modifications must be implemented through the rulemaking processes. Visit the [FSA Farm Bill website](#) for detailed information and updates to farm loan programs.

2014 Acreage Reporting Dates

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Name County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Name County:

- | | |
|---------------------|-----------------------------------------------------------------------------------------------------|
| May 15, 2014: | Cabbage (Planted 3/16 to 4/15), Spring Oats, Potatoes and Tomatoes (planted on or before 5/15/2014) |
| June 5, 2014: | Green Beans (Planted 3/4 to 5/25) |
| July 15, 2014: | Green Beans (Planted 5/26 to 7/10), Tomatoes (Planted 5/16 to 7/5) and all other crops |
| August 15, 2014: | Cabbage (Planted 4/16 to 7/10) |
| September 15, 2014: | Green Beans (Planted 7/15 to 9/5) |
| November 15, 2014: | Apiculture, PRF/Perennial Forage |

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.
- Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

For questions regarding crop certification and crop loss reports, please contact your local County Office Service Center..

USDA Enhances Farm Storage Facility Loan Program

The U.S. Department of Agriculture (USDA) today announced the expansion of the Farm Storage and Facility Loan program, which provides low-interest financing to producers. The enhanced program includes 22 new categories of eligible equipment for fruit and vegetable producers.

Producers with small and mid-sized operations, and specialty crop fruit and vegetable growers, now have access to needed capital for a variety of supplies including sorting bins, wash stations and other food safety-related equipment. A new more flexible alternative is also provided for determining storage needs for fruit and vegetable

producers, and waivers are available on a case-by-case basis for disaster assistance or insurance coverage if available products are not relevant or feasible for a particular producer.

Additionally, Farm Storage Facility Loan security requirements have been eased for loans up to \$100,000. Previously, all loans in excess of \$50,000 and any loan with little resale value required a promissory note/security agreement and additional security, such as a lien on real estate. Now loans up to \$50,000 can be secured by only a promissory note/security agreement and some loans between \$50,000 and \$100,000 will no longer require additional security.

The low-interest funds can be used to build or upgrade permanent facilities to store commodities. Eligible commodities include grains, oilseeds, peanuts, pulse crops, hay, honey, renewable biomass commodities, fruits and vegetables. Qualified facilities include grain bins, hay barns and cold storage facilities for fruits and vegetables.

Contact your local FSA office or visit www.fsa.usda.gov for more about FSA programs and loans, including the Farm Storage Facility Loan Program.

USDA Seeks Sponsors for Summer Food Service Program (SFSP)

The Summer Food Service Program (SFSP) is looking for sponsors to ensure that low-income children continue to receive nutritious meals when school is not in session. SFSP is administered by the Food and Nutrition Service (FNS), an agency of the United States Department of Agriculture (USDA).

SFSP reimburses approved sponsors for serving meals that meet Federal nutritional guidelines. Sponsors receive payments from USDA based on the number of meals they serve. All meals are served free to eligible children, who are 18 years old and under at approved SFSP sites in areas with significant concentrations of low-income children.

Sponsors are organizations that manage SFSP feeding sites. Sponsors must be organizations that are fully capable of managing a food service program. To be a sponsor, you must follow regulations and be responsible, financially and administratively, for running your program.

The following types of organizations can be sponsors:

- Public or private nonprofit schools
- Units of local, municipal, county, tribal, or State government
- Private nonprofit organizations
- Public or private nonprofit camps
- Public or private nonprofit universities or colleges

A sponsor may prepare its own [meals](#), purchase meals through an agreement with an area school, or contract for meals with a food service management company (vendor).

For questions or to apply, please contact Justin Curtis at 804-864-7827 or visit <http://www.fns.usda.gov/sfsp/summer-food-service-program-sfsp>

USDA Sets Date for Soybean Request for Referendum (AO-1598)

USDA will offer soybean producers the opportunity to request a referendum on the Soybean Promotion and Research Order (Order), as authorized under the Soybean Promotion, Research, and Consumer Information Act (Act).

Soybean producers who are interested in having a referendum to determine whether to continue the Soybean Checkoff Program are invited to participate. To be eligible to participate, producers must certify and provide documentation that shows that they produced soybeans and paid an assessment on the soybeans during the period of Jan. 1, 2012, through Dec. 31, 2013.

Producers may obtain a form by mail, fax, or in person from FSA county offices starting on May 5, 2014 through May 30, 2014. Forms are also available on the [AMS website](#). Producers who don't participate in FSA programs can still request a referendum at the FSA county office where they own or rent land.

Completed forms and supporting documentation must be returned to the appropriate FSA county office by fax or in person no later than close of business May 30, 2014. If returned by mail, it must be postmarked by midnight May 30, 2014, and received in the office by close of business on June 5, 2014.

Notice of the Request for Referendum was published in the March 4, 2014, Federal Register. For more information, visit the [AMS website](#) or contact James Brow, Research and Promotions Branch; Livestock, Poultry and Seed Program, AMS, USDA; STOP 0251 - Room 2610-S; 1400 Independence Avenue, SW; Washington, D.C. 20250-0251; tel.
