SURVIVING THE RISK

Farm Management Workshop

Friday, January 29, 2010

Location: English Hall

Eastern Shore Hospital Center

5262 Woods Rd, Cambridge, MD 21613

Learn how to reduce farm operation risk and increase profitability. Topics include, crop budgets, communicating with landowners, lease agreements, new types of agreements such as flex leases and crop insurance.

Morning Program

University of Maryland Extension experts will discuss the latest farm management strategies in:

- ☞ Crop Budget and Custom Rates
- ☞ Landlord – Tenant Relationships
- ☞ Introduction to Flexible Leases
- ☞ Crop Insurance

Afternoon Program

RightRisk learning - Hands on computer learning experience to manage farm profits and losses. Participants will practice with laptops provided by Extension.

Cost: \$20 for the workshop which includes a binder of materials and meal

Registration required.
