Disaster Assistance Programs Payments Issued

Farm Service Agency offices have begun to issue payments for eligible producers applying for benefits with the Livestock Indemnity Program (LIP), Livestock Compensation Program (LCP), and the Crop Disaster Program (CDP).

Producers in primary counties declared secretarial disaster areas or certain counties declared presidential disaster areas between January 1, 2005 and February 28, 2007 or producers located in counties contiguous to those counties are eligible. CDP does not require a disaster declaration.

Contact the office for further explanation of the programs or to make an appointment to discuss eligibility.

Crop Disaster Program (CDP)

CDP provides benefits to farmers who suffered quantity and quality losses to 2005, 2006, or 2007 crops from natural disasters. Producers who incurred qualifying losses in 2005, 2006 or 2007 must choose only one year to apply for benefits. Producers may apply for benefits for losses to multiple commodities as long as the losses occurred in the same crop year. Only producers who obtained crop insurance coverage or coverage under the Noninsured Crop Disaster Assistance Program (NAP) for the year of loss will be eligible for CDP benefits.

Producers must have suffered quantity losses in excess of 35 percent to be eligible for CDP.

The payment rate is set at 42 percent of the established price.

Assistance, together with any crop insurance or NAP payment received for the same crop and including the value of the crop production not lost, must not exceed 95 percent of the total value of the crop absent the disaster.

Farmers may receive a maximum of \$80,000 in CDP benefits.

Please call the office if you have questions or wish to make an appointment to sign up.

Change in Farming Operation or Address

Producers are reminded to notify this office to report change in address or ownership. This is vital to assist this office in keeping records.

Change in Direct Deposit Account

The Debt Collection Act of 1996 mandates that payments from FSA be directly deposited into a producer's checking or savings bank account. It is important that any change in the producer's account such as type of account, bank mergers, routing number or account numbers be provided to the county office promptly to avoid possible payment delay.

Submission of Applications via E-Government

As required by the Freedom to E-File Act, eForms provides customers with the option to electronically access, fill out, and print paper forms, or obtain secure electronic access credentials for signing and transmitting forms and other documents electronically to their local Service Center. Level 2 access is required. Step-by-step instructions are available on the Montana FSA website at <http://www.fsa.usda.gov/mt> explaining the Level 2 access process. Contact the local county FSA office to complete your Level 2 registration.

Controlled Substance

Any person who is convicted under federal or state law of a controlled substance may be ineligible for USDA payments or benefits. Violations include planting, harvesting, possessing or growing a prohibited plant. Prohibited plants include marijuana, opium poppies and other drug producing plants.

Farm Loans:

FSA offers direct and guaranteed farm ownership and operating loan programs to farmers and ranchers who are temporarily unable to obtain private commercial credit. Rural youth loans, Beginning Farmer and Rancher, and assistance for socially disadvantaged persons are also available.

January 31 Deadline to Request 2007 Wool and Mohair Loans and LDPs

Wool and mohair producers have until January 31 to apply for either a nine-month, nonrecourse marketing assistance loan or a Loan Deficiency Payment (LDP) for 2007-crop wool or mohair.

The national loan rate for ungraded wool offered as collateral will secure a non-recourse loan made at a rate of 40 cents per pound. For graded wool, loans will be based on the statutory rate of \$1.00 per pound. Producers who desire a non-recourse loan for mohair will receive the statutory rate of \$4.20 per pound. Loan rates will be adjusted based on a schedule of quality premiums and discounts applicable to the 2005 marketing year. The repayment amount per pound for mohair and for both graded and ungraded wool will be announced at close of business each Tuesday, and can be found on the Montana FSA website at: <http://www.fsa.usda.gov/mt>.

For Montana the loan rates are divided into two regions by county. Producers should pick the correct region for their operation and then check the posted rates at: <http://www.fsa.usda.gov/dafp/psd/MKTPRICLEAN2.htm> for region 2 counties and at: <http://www.fsa.usda.gov/dafp/psd/MKTPRICLEAN3.htm> for region 3 counties.

Instead of obtaining a loan, producers may request LDPs on these commodities. The LDP rates will be the difference between the per pound loan rate and the weekly announced repayment rate. The repayment prices reflect prices being offered in the current market.

Under Represented Groups

FSA solicits and accepts nominations of under represented groups such as females and minority (American Indian or Alaska Native, Asian, Black/African American, Hispanic/Latino, Native Hawaiian or Other Pacific Islander) producers for county committee representation. Please notify this office if you wish to be identified as a minority producer.

Census of Agriculture

Beginning December 28, 2007, the National Agriculture Statistics Service (NASS) will mail out Census of Agriculture forms to collect data for the 2007 calendar year. Completed forms are due by February 4, 2008. Forms may be returned by mail or, for the first time, forms may be filled out online via a secure web site.

Conducted every five years by USDA, the Census is a complete count of the nation's farm and ranches and the people who operate them. The Census looks at land use and ownership, operator characteristics, production practices, income and expenditures and other topics. The Census provides the only source of uniform, comprehensive agricultural data for every county in the nation.

For more information about the 2007 Census of Agriculture, contact the NASS Montana Field Office at 406/441-1240 or 1-800-835-2612 or logon to the Montana Agriculture Statistics website at <http://www.agcensus.usda.gov>.
