Farm Loan Officers:

Kyle Pottala, ext.
122 kyle.pottala@or.usda.gov

Karie Walker, ext.
114 karie.walker@or.usda.gov

CRP Sign-up Starts May 20th

USDA will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP protects the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the program can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract which is 10-15 years.

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP. For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

Please call Lela for an appointment.

Farm Record Changes

Remember to provide all changes to your farm records to the local FSA office for the current crop year. If you are changing your operation entity type, adding or dropping cropland or farms, or adding entities to your operation, contact the FSA county office to update your file.

Crop Reporting

After spring planting, producers should certify their 2013 acreage. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

Acreage reports are required for many Farm Service Agency programs. For crops enrolled in programs other than NAP (Noninsured Crop Disaster Assistance Program), acreage reports are to be certified by July 15.

Acreage reports on crops covered by NAP are due in the county office the earlier of 15 calendar days before the onset of harvest or grazing of the specific crop acreage being reported or July 15.

2013 FSA County Committee Elections

The election of agricultural producers to the Farm Service Agency (FSA) county committees is important to all farmers and ranchers, whether beginning or long-established, large or small operation. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture. County Committee (COC) members are a critical component of FSA operations.

The intent is to have the COC reflect the makeup of the producers and represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

County committees provide local input on:

- Commodity price support loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs
- Payment eligibility.

FSA county committees operate within official regulations designed to carry out federal laws and members apply their judgment and knowledge to make local decisions.

Election Period

June 17, 2013 – The nomination period begins.

Aug. 1, 2013 – This is the last day to file nomination forms (FSA-669A) at the local USDA Service Center.

Nov. 4, 2013 – Ballots mailed to eligible voters.

Dec. 2, 2013 – Last day to return completed ballots to the USDA Service Center.

Jan. 1, 2014 – Newly elected county committee members take office.

Who Can Hold Office

To hold office as a county committee member, a person must meet the basic eligibility criteria:

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the local administrative area (LAA) in which the person is a candidate. For this election, you must reside in the Lostine/Wallowa area.

Not have been:

- Removed or disqualified from the office of county committee member, alternate or employee
- Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other

felony

- Dishonorably discharged from any branch of the armed services.

Nominations

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected. This form is available at USDA Service Centers and online. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

Who Can Vote

Agricultural producers of legal voting age may be eligible to vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm also may be eligible to vote. More information about voting eligibility requirements can be found in the FSA fact sheet titled "FSA County Committee Election – Eligibility to Vote and Hold Office as a County Committee Member." Producers may contact their local USDA Service Center for more information.

Guaranteed Loan Program

The Farm Service Agency loan limit for the Guaranteed Loan Program has increased to \$1,302,000. The limit is adjusted annually based on data compiled by the National Agricultural Statistics Service. The lending limit increases every year according to an inflation index. The maximum combined guaranteed and direct farm loan indebtedness has increased to \$1,602,000.

As a reminder, the one-time loan origination fee charged on FSA guaranteed farm ownership and operating loans is 1.5 percent of the guaranteed portion of the loan. Producers should contact their local FSA County Offices with questions about farm loans.

Highly Erodible Land and Wetland Compliance

Landowners and operators are reminded that in order to receive payments from USDA, they must be compliant with Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions. Farmers with HEL determined soils must apply tillage, crop residue and rotation requirements as specified in their conservation plan.

Producers should notify FSA prior to conducting land clearing or drainage projects to ensure compliance. If you intend to clear any trees to create new cropland, these areas will need to be reviewed to ensure any work will not jeopardize your eligibility for benefits.

Landowners and operators can complete form AD-1026 Highly Erodible Land Conservation (HEL) and Wetland Conservation (WC) Certification to determine whether a referral to Natural Resources Conservation Service (NRCS) is necessary. For more information on Highly Erodible Land and Wetland Conservation provisions, contact a FSA County Office or visit the FSA website at www.fsa.usda.gov.

Dates to Remember:

May 20 - CRP Sign-up opens

June 3 - ACRE sign-up ends

June 17 - COC nomination period opens

July 15 - Spring Crop Reporting Deadline

Aug. 2 - DCP sign-up deadline

USDA is an equal opportunity provider and employer.
