Wallowa County FSA Office

401 NE 1st Suite E
Enterprise, OR 97828-1185

Phone: 541-426-4521, ext 2
Fax: 1-855-824-6184

County Executive Director:
Bill Williams, ext. 104

Farm Loan Manager:
541-278-8049, ext. 111

Kevin Jordan

Program Technicians:
Lela Kunkle, ext. 102

Susie Madigan, ext. 103

Next County Committee Meeting:

July 31, 2014 @ 10:30 a.m.

COC Nomination Deadline

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to farmers and ranchers. It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture (USDA).

County committee members are a critical component of the operations of FSA. They help deliver FSA farm programs at the local level. Farmers and ranchers who serve on county committees help with the decisions necessary to administer the programs in their counties. They work to ensure FSA agricultural programs serve the needs of local producers.

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

The COC nomination period runs from June 17, 2014 through August 1, 2014. The nomination form is available at USDA Service Centers and [online](#). For more information contact our office.

County Committee Members: **Compliance Spot Checks**

Donna Smith, Chairperson

Wes Wilsey, Vice-chairperson

Melvin Stonebrink, Member

Compliance spot checks will be conducted on 2014 crops. Instead of locally selecting farms, contracts, deficiency loans, etc. for review, a nationwide selection of producers is employed. Spot check selections are to be conducted based on a producer's participation in Conservation Reserve Program, Direct and Counter-cyclical Program, Loan Deficiency Program, etc

For more information about the spot check selection procedure, feel free to contact your local Farm Service Agency office for additional clarification

2012 & 2013 ELAP Losses Must Be Filed By August, 1, 2014 for Honey Bee, Livestock & Farm-Raised Fish

Producers who suffered eligible livestock, honeybee or farm-raised fish losses have until August 1, 2014, to submit a notice of loss and application for payment under the Emergency Assistance for Livestock, Honeybees and Farm-raised Fish Program (ELAP).

ELAP provides emergency assistance to eligible producers of livestock, honeybees and farm-raised fish that have losses due to disease, adverse weather, or other conditions, such as blizzards and wildfires. ELAP assistance is provided for losses not covered by the Livestock Forage Program (LFP) and Livestock Indemnity Program (LIP). Producers who suffered eligible livestock, honeybee or farm-raised fish losses during 2012 and 2013 program years must submit a notice of loss and application for payment to their local FSA office by August 1, 2014. For 2014 program year losses, the notice of loss and an application for payment must be submitted by November 1, 2014.

For more information, producers can review the ELAP Fact Sheet on the [Farm Bill webpage](#). Producers are encouraged to make an appointment with their local FSA office to apply for these programs.

Wallowa County is Eligible for Emergency Loans

Wallowa County was declared a contiguous disaster due to drought and heat using the streamlined Secretarial Disaster Designation process. Under this designation, producers with operations in any primary or contiguous county are eligible to apply for low interest emergency loans.

The streamlined disaster designation process issues a drought disaster declaration when a county has experienced a drought intensity value of at least a D2 (severe drought) level for eight consecutive weeks based on the U.S. Drought Monitor during the crop year.

Emergency loans help producers recover from production and physical losses due to drought, flooding and other natural disasters or quarantine.

Producers have eight months from the date of the declaration to apply for emergency loan assistance. FSA will consider each loan application on its own merits, taking into account the extent of losses, security available and repayment ability. Producers can borrow up to 100 percent of actual production or physical losses, to a maximum amount of \$500,000. **Wallowa County producers have until February 11, 2015 to apply.**

For more information about emergency loans, please contact the Umatilla County FSA office @ 541-278-8049, ext. 2 or visit www.fsa.usda.gov.

Farm Safety

Summer is an exciting and hectic time on Wallowa County farms. Wallowa County FSA employees care about our customers, and want to remind them to practice farm safety.

Remember to: Walk around machinery and check shields and guards; make sure the PTO's master shield is in place; make sure Slow Moving Vehicle signs are on machinery.

If you are taking medicine, take it at the appropriate time and eat on schedule.

If you are working in grain bins know that flowing grain can kill, and it can kill quickly. It takes less than five seconds for a person caught in flowing grain to be trapped. Try not to work alone in bins or confined spaces, and if that's not possible let someone know where you are by checking in regularly by cell phone.

The American Society of Safety Engineers (ASSE) offers the following safety tips for farmers:

1. Educate yourself on farm equipment. Read and follow instructions according to the equipment's manuals about safety.
 2. Conduct regular equipment inspections.
 3. Don't wear loose clothing while entering confined spaces such as grain bins, silos and hoppers as this can prevent entanglements.
 4. Install Rollover Protective Structures (ROPS) on tractors.
 5. Use seat belts while operating tractors with a ROPS. Do not allow additional passengers on the tractor with you.
 6. While operating tractors and other farm equipment, be very cautious on rural roadways.
 7. Use protective gear when operating machinery: Be familiar with hazardous chemicals. Take extra precaution when handling chemicals such as anhydrous ammonia, carbon dioxide, methane gas and hydrogen sulfide.
 8. Consistently educate your family and co-workers about safety practices, especially children.
-

MicroLoan Program

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

FSA offers applicants a Microloan designed to help farmers with credit needs of \$35,000 or less. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$35,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals who are interested in applying for a microloan or would like to discuss other farm loan programs available should contact their local FSA office to set up an appointment with a loan official.

USDA is an equal opportunity provider and employer. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
