## LOANS FOR THE SOCIALLY DISADVANTAGED

FSA has a number of loan programs available to assist applicants to begin or continue in agriculture production. Loans are available for operating type loans and/or purchase or improve farms or ranches.

While all qualified producers are eligible to apply for these loan programs, the FSA has provided priority funding for members of socially disadvantaged applicants.

A socially disadvantaged applicant is one of a group whose members have been subjected to racial, ethnic or gender prejudice because of his or her identity as members of the group without regard to his or her individual qualities.

For purposes of this program, socially disadvantaged groups are women, African Americans, American Indians, Alaskan Natives, Hispanics, Asian Americans and Pacific Islanders.

FSA loans are only available to applicants who meet all the eligibility requirements and are unable to obtain the needed credit elsewhere.

For more information contact the Farm Loan staff for your location listed to the left.

## **SUPPLEMENTAL REVENUE ASSISTANCE PAYMENTS PROGRAM SIGN-UP PERIOD FOR 2012 CROP LOSSES BEGINS**

Farm Service Agency (FSA) announced that sign-up begins today for 2012 crop losses under the Supplemental Revenue Assistance Payments (SURE) program. The program, established by the 2008 Farm Bill, provides for one final period of eligibility for producers suffering crop losses caused by natural disasters occurring through Sept. 30, 2011, for crops intended for 2012 harvest.

To be eligible for SURE, a farm or ranch must have at least a 10 percent production loss on a crop of economic significance resulting from a disaster occurring on or before Sept. 30, 2011. A crop of economic significance contributes at least five percent of the expected revenue for a producer's farm. Additionally, the crop must also meet the following eligibility criteria:

- The crop must be considered a 2012 crop which means, in general, that the crop was intended for harvest in 2012;
- For insured crops, the coverage period must have begun on or before Sept. 30, 2011;
- For crops covered by the Non-Insured Crop Assistance Program, the coverage period must have begun on or before Sept. 30, 2011;
- The final planting date, according to the specific coverage for the crop, must have been on or before Sept. 30, 2011.

**Note:** A producer who only plants fall seeded or spring seeded crops with a final planting date on Oct. 1, 2011 or later) cannot meet the above eligibility criteria and will not be eligible for the 2012 SURE program.

- A policy or plan of insurance under the Federal Crop Insurance Act or the Noninsured Crop Disaster Assistance Program for all economically significant crops;
- Been physically located in a county that was declared a primary disaster county or contiguous county by the Secretary of Agriculture under a Secretarial Disaster Designation. Without a Secretarial Disaster Designation, individual producers may be eligible if the actual production on the farm is less than 50 percent of the normal production on the farm due to a natural disaster. A "farm" for SURE purposes means the entirety of all crop acreage in all counties that a producer planted or intended to be planted for harvest for normal commercial sale or on-farm livestock feeding, including native and improved grassland intended for haying.

Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or Noninsured Crop Disaster Assistance Program coverage.

Farmers and ranchers interested in signing up must do so before the Aug. 29, 2014, deadline.

For more information on the 2012 SURE program, visit any USDA Service Center or online at [www.fsa.usda.gov/sure](http://www.fsa.usda.gov/sure).

# USDA'S FARM SERVICE AGENCY (FSA) OFFERS FARM BILL WEBSITE AND ONLINE OVERVIEW OF FARM BILL PROGRAMS

---

The Agricultural Act of 2014 (the Act), also known as the 2014 Farm Bill, was signed by President Obama on Feb. 7, 2014. The Act repeals certain programs, continues some programs with modifications, and authorizes several new programs administered by the Farm Service Agency (FSA). Most of these programs are authorized and funded through 2018.

For the latest on 2014 Farm Bill programs administered by FSA, please visit our Farm Bill website at [www.fsa.usda.gov/farmbill](http://www.fsa.usda.gov/farmbill) and for an FSA program overview please read, download and/or print our recently posted FSA Farm Bill Fact Sheet titled, [What's in the 2014 Farm Bill for Farm Service Agency Customers?](#)

For more information on FSA, please contact your local USDA Service Center or visit us online at [www.fsa.usda.gov](http://www.fsa.usda.gov).

## HIGHLY ERODIBLE LAND AND WETLAND COMPLIANCE

Landowners and operators are reminded that in order to receive payments from USDA, they must be compliant with Highly Erodible Land (HEL) and Wetland Conservation (WC) provisions. Farmers with HEL determined soils must apply tillage, crop residue and rotation requirements as specified in their conservation plan.

Producers should notify FSA prior to conducting land clearing or drainage projects to ensure compliance. If you intend to clear any trees to create new cropland, these areas will need to be reviewed to ensure any work will not jeopardize your eligibility for benefits.

Landowners and operators can complete form AD-1026 Highly Erodible Land Conservation (HEL) and Wetland Conservation (WC) Certification to determine whether a referral to Natural Resources Conservation Service (NRCS) is necessary.

For more information on Highly Erodible Land and Wetland Conservation provisions, contact a FSA County Office or visit the FSA website at [www.fsa.usda.gov](http://www.fsa.usda.gov).

## 2014 ACREAGE REPORTING DATES

In order to comply with FSA program eligibility requirements, all producers are encouraged to visit the Yamhill County FSA office to file an accurate crop certification report by the applicable deadline.

The following acreage reporting dates are applicable for Yamhill County:

May 15, 2014:	Cabbage (fresh or processed) (planted 3/12 thru 4/20)
July 15, 2014:	Spring Planted Alfalfa Seed, Cabbage (all uses) (planted 4/21 thru 6/10), Onions (planted 2/15 thru 5/15), CRP, All Other Spring Planted Crops
August 15, 2014:	Cabbage (fresh or processed) (planted 6/11 thru 8/10)

The following exceptions apply to the above acreage reporting dates:

- If the crop has not been planted by the above acreage reporting date, then the acreage must be reported no later than 15 calendar days after planting is completed.
- If a producer acquires additional acreage after the above acreage reporting date, then the acreage must be reported no later than 30 calendar days after purchase or acquiring the lease. Appropriate documentation must be provided to the county office.
- If a perennial forage crop is reported with the intended use of "cover only," "green manure," "left standing," or "seed," then the acreage must be reported by July 15th.

Noninsured Crop Disaster Assistance Program (NAP) policy holders should note that the acreage reporting date for NAP covered crops is the earlier of the dates listed above or 15 calendar days before grazing or harvesting of the crop begins.

For questions regarding crop certification and crop loss reports, please contact the Yamhill County FSA office at 503-472-1474 x2
