A Background

In accordance with Executive Order 13327, Federal real Property Asset Management, the USDA Office of Procurement and Property Management (OPPM) has directed USDA agencies to conduct a physical inventory of all real property owned and leased assets on a rotating basis every 5 years. This information is required for accurate reporting for the annual Federal Real Property Profile (FRPP) to General Services Administration (GSA).

See Exhibit 2 for the list of sites identified for the CPAIS physical inventory and inspection by State and County. The sites identified are those scheduled for inventory review this year.

Note: Sites that have not been identified on Exhibit 2 will be inventoried at a later date.

2 Action

A State Office

The State office Official shall coordinate with CED's, or designees, to complete a separate FSA-954 for each identified County Office (AO for State Office, if applicable) housed under an FSA commercial lease. State Offices can access a fillable Word version of FSA-954 from the FSA Intranet at <https://inside.fsa.usda.gov>. Click on "Employee Forms", then "Find Current Forms Using Our Form Number Search" and in the "Form Number" field ENTER "954". In efforts to minimize inconsistencies, MSD will be responsible for updating the records in CPAIS.

Note: State Offices shall not update CPAIS.

The requested information shall be submitted no later than September 8, 2017, to fsaleasing@fsa.usda.gov. For tracking purposes, email responses **must** include in the subject line "FSA-954 ST COUNTY" where "ST" is the abbreviation for the state responding and "COUNTY" is where the office is located.
