

For: State and County Offices

Printing Potentially Erroneous Double-Cropped Acres Report From Menu Option

Approved by: Deputy Administrator, Farm Programs

1 Printing Instructions

A Background

Notice CM-468 provided:

- Report MIQ931-R001 that could be used to identify farms resulting from a combination that may have incorrect double-cropped acres
- procedure for correcting farm maintenance if the resulting farm double-cropped acres were incorrect.

The report software was in County Release No. 512 and printed automatically upon the installation of the release.

An option to print this report is being added to Reconstitution - Reports Main Menu MIQR00 in County Release No. 513.

B Purpose

This notice provides instructions for printing the report from the menu.

Disposal Date	Distribution
December 1, 2003	State Offices; State Offices relay to County Offices

Notice CM-469

1 Printing Instructions (Continued)

C Accessing and Printing Report MIQ931-R001

Access the reconstitution software according to 2-CM (Rev. 5), paragraph 209.

Access the report option according to the following table.

Step	Menu	Action
1	MIQ000	ENTER "5", "Reports", and PRESS "Enter".
2	MIQR00	ENTER "10", "Print Potentially Erroneous Double-Cropped Acres Report", and PRESS "Enter".
3	MADPRT01	Enter a valid printer ID and PRESS "Enter".

This report can be run as often as necessary until all erroneous acres are corrected.
