2 Cotton eLDP Corrections

A Correction Process

Software enhancements are being developed that will allow a cotton eLDP to be modified or corrected without deleting the original application.

Until the new cotton eLDP correction process is released, County Offices shall continue to follow 7-CN, paragraph 285.4 for instructions on correcting a cotton eLDP by:

- deleting the original eLDP in the eLDP system
- reissuing a corrected eLDP in the eLDP system or APSS.

Note: Processing in APSS requires a State Office-issued password and approval from DAFP to issue a manual check, if applicable. APSS shall **only** be used when the application cannot be processed in the eLDP system.
