

For: Cotton State and County Offices

**Recording Daily Storage Rates in the Automated Price Support System (APSS)
for Certain Cotton Warehouses**

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A Background

7-CN, paragraph 65, provides that offer shipping rates be updated yearly or when changed. Current storage rates for approved warehouses are available on the Cotton Online Processing System (COPS) website.

Some warehouses set their storage rate as a daily rate. Currently, COPS requires all warehouses to enter their rates as a monthly rate. Warehouses with a daily rate must convert their rate to a monthly rate. This conversion has caused discrepancies in storage credits calculated by both APSS and the Automated Cotton Reporting System (ACRS).

B Purpose

This notice provides State and County Offices with:

- a list of warehouses that use daily rates rather than monthly rates
- instructions for updating the Offer Shipping Rate table in APSS to reflect daily rates.

C Contact

State Offices shall direct questions about this notice to Julie Floriani by:

- telephone at 202-720-8374
- e-mail to julie_floriani@wdc.usda.gov.

Disposal Date August 1, 2005	Distribution Cotton State Offices; State Offices relay to County Offices

2 Warehouses Using Daily Storage Rates

A List of Warehouses

Exhibit 1 of this notice provides a list of warehouses that use daily rates in calculating storage charges. This list provides:

- warehouse code by State
- daily rate effective as of July 1, 2004, and September 1, 2004
- changed daily rate and new effective date.

An updated list of storage rates for **all** approved warehouses is also available from COPS home page at <http://dlnt01.fsa.usda.gov>.

3 County Office Action

A Updating Rates

County Offices shall update the offer shipping rates in APSS on Screen PAA79020, for the warehouses listed in Exhibit 1 upon receipt of this notice by:

- entering the daily rate
- deleting the monthly rate that was previously recorded.

If a warehouse rate was changed, the rate must be entered twice with the applicable date and rate.

B Repayments Processed Prior To Notice

Storage credits for repayments processed before this notice were calculated using the monthly rate. County Offices shall **not** correct any repayments processed before updating the offer shipping rates to a daily rate.
