Providing Data to Multiple Peril Crop Insurance (MPCI) Companies, Agents, and Adjusters

Approved by: Deputy Administrator, Farm Programs

1 Overview

A

Background

County Offices provide data to MPCI companies, agents, and adjusters following procedures in 2-CP, paragraph 508. Procedures and query software programs provide FSA-424 and FSA-425 identifying farms, crops, tracts, and field information. Query software will not be updated for 2000 and future years for FSA-424. County Offices will be notified as soon as decisions are made on how data will be shared with companies, agents, and adjusters in future years.

B

Purpose

This notice instructs County Offices to:

- print FSA-578 (Producer Print) for each request instead of FSA-424 for FY 2000
 - process FSA-425 according to 2-CP, paragraph 514.

Notice CP-526

2 Providing Data to MPCCI Companies, Agents, and Adjusters

A

Providing Information

A request for documentation must be submitted on FSA-426 according to 2-CP, paragraph 508. County Offices shall provide a copy of both of the following:

- FSA-578 (Producer Print) instead of a current FSA-424
- FSA-425 according to 2-CP, paragraph 510.

Query software still provides prior year FSA-424 documentation. See 2-CP, paragraph 510.

Note: FSA-578 (Farm Print) may be given, if requested; **however**, other producer ID's identified on FSA-578 **must** be redacted on FSA-578 before it is provided.

B

Workload Requirement

County Offices shall record time spent on providing FSA-426's, information, and documents in the workload data block, work item 118.
