

For: KS, MN, MO, and NE State and County Offices

**Digital Photography - Compliance**

Approved by: Deputy Administrator, Farm Programs

**1 Interim Procedure**

**A**

**Background**

State and County Offices conducting digital compliance have requested guidance on the following:

- when there is an acreage difference between GIS calculated acreage and the current official acreage
- what photocopies can be printed from digital photography and given to producers
- if there is a difference in determining acreage using digital slides versus 35 mm slides.

**B**

**Purpose**

This notice provides interim procedure for State and County Offices that use digital maps and slides to conduct acreage determinations.

**C**

**County Office Action**

County Offices shall follow procedures in 2-CP, Part 4, Section 1, regarding determining acreage by aerial compliance. Until further notice, official acreage as previously determined shall be used for County Offices performing digital compliance.

County Offices with digital photographs can provide photocopies from the digital maps **without GIS calculated acres on the photocopy.**
