

For: State and County Offices

Migrating System 36 2009 FSA-578 Records to Crop Acreage Reporting System (CARS)

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A Background

Information Bulletin No. 6276 notified State and County Offices that the 2009 Acreage/Quantity and Compliance Determinations Menu on System 36 would be shutdown about February 15 to migrate 2009 System 36 FSA-578 records to CARS on the Web. Access to 2009 FSA-578 records will **not** be available for approximately 2 weeks and will be accessed through CARS 2009 program year after the migration process is complete. The CARS 2009 program year will be available for access about March 4, 2013.

To migrate the 2009 System 36 FSA-578 records to CARS, a conversion process will automatically run to validate and migrate 2009 System 36 farms to CARS for the 2009 program year. Only 2009 System 36 farms with no detected errors will pass validation and automatically migrate to 2009 CARS.

Notes: CARS 2009 FSA-578 records with end dates will **not** automatically rollover when the farm is accessed in the CARS 2010 program year.

CARS “Manage Crop” defaults will **not** be available for the CARS 2009 program year.

2009 System 36 farms with erroneous records will be placed on the CARS Migration Work List and held in the CARS Migration Staging Data Table until all FSA-578 records for the farm are corrected by the County Office. 2009 farms with errors will migrate only **after** all errors for the farm are corrected.

Disposal Date	Distribution
August 1, 2013	State Offices; State Offices relay to County Offices

Notice CP-690

1 Overview (Continued)

B Purpose

This notice provides information on the following:

- accessing 2009 System 36 farms that were successfully migrated to 2009 CARS
- procedure and screens to:
 - access the CARS Migration Work List that provides a list of 2009 System 36 farms with errors that did **not** successfully migrate to 2009 CARS
 - correct 2009 System 36 FSA-578 records with errors to allow the farm to successfully migrate in CARS
- recertifying corrected 2009 FSA-578 records after migration is complete.

2 Accessing 2009 System 36 Farms in 2009 CARS

A Accessing 2009 System 36 Farms in the 2009 CARS Program Year

To access the CARS Home Page, go to FSA's Applications Intranet web site at http://intranet.fsa.usda.gov/fsa/FSAIntranet_applications.html. Under "Common Applications", CLICK "**CARS - Crop Acreage Reporting System**".

The Crop Acreage Reporting System (CARS) Login Screen will be displayed. CLICK "**Crop Acreage Reporting System Login**".

The USDA eAuthentication Warning Screen will be displayed.

B USDA eAuthentication

On the USDA eAuthentication Warning Screen, CLICK "**I Agree**" to proceed or "**Cancel**" to end the process. When users click "I Agree", the USDA eAuthentication Login Screen will be displayed.

On the USDA eAuthentication Login Screen, users **must** do the following:

- enter the eAuthentication user ID
- enter the eAuthentication password
- CLICK "**Login**".

After users successfully complete the eAuthentication login, the Crop Acreage Reporting System (CARS) Login Screen will be displayed.

Notice CP-690

2 Accessing 2009 System 36 Farms in 2009 CARS (Continued)

C Crop Acreage Reporting System (CARS) Login Screen

On the Crop Acreage Reporting System (CARS) Login Screen, **CLICK “Crop Acreage Reporting System Login”** to continue.

The following is an example of the Crop Acreage Reporting System (CARS) Login Screen.

Crop Acreage Reporting System (CARS) Login

This Farm Service Agency website is provided for users to enter crop information tied to specific acreage on the farm to include prevented and failed acreage and will be used to conduct acreage reporting and compliance determination via the web. Acreage reporting is year specific.

[Crop Acreage Reporting System Login](#)

USDA is committed to making its web pages accessible to all individuals. If you are a person with a disability and have trouble accessing or using our web site, please contact the FSA National Help Desk at (800)-255-2434 or the Centralized Help Desk at 800-457-3642, option 1, option 2. Please provide us with the specific URL with which you have a problem or concern.

The State and County Selection Screen will be displayed.

Notice CP-690

2 Accessing 2009 System 36 Farms in 2009 CARS (Continued)

D State and County Selection Screen

After migration is run, the 2009 program year will be available on the State and County Selection Screen to allow access to 2009 System 36 farms that were migrated to CARS. As with other program years, County Offices can view acreage reports entered by other County Offices, but an acreage report can be updated by the administrative County Office **only**.

The following is an example of the State and County Selection Screen.

The screenshot shows a web application interface. On the left is a sidebar titled "CARS Menu" with a "Welcome" message and the user's role "Administrator". The main content area is titled "State and County Selection" and contains three dropdown menus: "State:", "County:", and "Program Year:" (set to 2009). A "Continue" button is located below the dropdowns. At the bottom of the page, there is a footer: "CARS101 - Last Modified: 02/25/2011 10:40:37 AM".

Users shall use the drop-down lists to select the applicable:

- State and County, if not previously set by default
- program year, if not previously set by default.

CLICK “**Continue**”. The Acreage Report Search Screen will be displayed.

2 Accessing 2009 System 36 Farms in 2009 CARS (Continued)

E Acreage Report Search Screen

From the State and County Selection Screen, the Acreage Report Search Screen will be displayed. The Acreage Report Search Screen allows users to enter a farm for acreage reporting through CARS by accessing a producer through SCIMS or by a specific farm number.

Note: If an error is detected for a farm within the selected county, the Migration Work List “Search” option will be available on the Acreage Report Search Screen. Farms with erroneous FSA-578 records **must** be accessed through the Migration Work List and will **not** be migrated for update capability in 2009 CARS until all errors for the farm are corrected. Farms that were migrated successfully will **not** be listed on the Migration Work List. See subparagraph 3 A for details on the Migration Work List.

The following is an example of the Acreage Report Search Screen.

2 Accessing 2009 System 36 Farms in 2009 CARS (Continued)

E Acreage Report Search Screen (Continued)

Users can search by:

- producer by clicking:
 - **“Producer”** radio button
 - **“Submit”**

Note: The SCIMS Customer Search Screen will be displayed. After a producer is selected, the Crop Acreage Reports Screen will be displayed.

- specific farm number by:
 - entering the applicable farm number
 - clicking **“Submit”**

Note: The Crop Acreage Reports Screen will be displayed.

- list of erroneous farms by clicking:
 - **“Migration Work List”** radio button
 - **“Submit”**.

Note: The Migration Staging Data Screen will be displayed.

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS

A Migration Work List

The Migration Work List Screen will provide a list of farms that did **not** successfully migrate to 2009 CARS because erroneous FSA-578 records were detected.

- Import Status will display as “Not Processed” until all erroneous FSA-578 records for the farm are corrected.
- Last Updated will display either of the following:
 - date the farm was migrated
 - the last date an FSA-578 record for the farm was updated.

The following is an example of the Migration Work List Screen.

CARS Menu		Migration Work List

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS (Continued)

B Migration Staging Data (Continued)

The following provides options available on the Migration Staging Data Screen.

Button	Results
Import Data	Migration Data Import Screen will be displayed.
Delete Field	Migration Work List Screen will be displayed. Notes: The “Delete” option was added to allow for deleting duplicate field records only . If an FSA-578 record is deleted and that deleted FSA-578 record is not associated with an active FSA-578 record with the same crop/acreage information, it could result in the farm not being fully reported after migration is completed. This could impact the producer’s DCP payment. After a field is deleted from the Migration Staging Data Screen it cannot be re-accessed. FSA-578 data must be reloaded by accessing the farm by “producer” or “farm number” on the Acreage Report Search Screen.
Return To Work List	Migration Work List Screen will be displayed.

Notice CP-690

D 2009 System 36 FSA-578 Migration Error Messages

2009 FSA-578 migration error messages include, but are **not** limited to the following.

Message on the Migration Work List	Description/Corrective Action
Share value threshold must be 100%.	<p>Shares for the producers do not equal 100 percent. This error could result from changes in Farm Records and/or SCIMS where the producer was deleted or merged.</p> <p>In such cases, the updated producers will be displayed to allow the shares to be adjusted accordingly.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • use the hardcopy FSA-578 signed by the producer to assign applicable shares • if the error resulted from a SCIMS merge, assign shares to the winning record as applicable • if the shares cannot be determined, ensure that the shares are corrected the next time the producer visits the County Office.
The initial status I can be reported only once for field number “_”.	<p>Two or more crops are planted on same field and their crop status is reported as “I”.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • use the hardcopy FSA-578 signed by the producer as a cross-reference to correct the crop status • if the crop status cannot be determined from the certified hardcopy FSA-578, ensure that the crop status is corrected the next time the producer visits the County Office.

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS (Continued)

D 2009 System 36 FSA-578 Migration Error Messages (Continued)

2009 FSA-578 migration error messages include, but are **not** limited to the following.

Message on the Migration Work List	Description/Corrective Action
Planting date required for crops other than exception crops.	<p>Planting date was not entered for the crop.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • use the hardcopy map as a cross-reference to correct the planting date • if planting date cannot be determined from the hardcopy map, ensure that the planting date is corrected the next time the producer visits the County Office.
Crop status code is invalid.	<p>Status code is not available for the crop on the Compliance Validation System (CVS).</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • ensure that crop status codes are applied according to 2-CP, paragraph 73 and Exhibit 11 • if the status code was entered incorrectly, correct the crop status code according to 2-CP, paragraph 73 and Exhibit 11 <p>Note: Producer does not have to recertify.</p> <ul style="list-style-type: none"> • make no change to the crop and/or crop attributes reported and certified by the producer • if crop status code cannot be determined from the hardcopy map and/or FSA-578, ensure that the crop status code is corrected the next time the producer visits the County Office.

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS (Continued)

D 2009 System 36 FSA-578 Migration Error Messages (Continued)

2009 FSA-578 migration error messages include, but are not limited to the following.

Message on the Migration Work List	Description/Corrective Action
Crop intended use must exist in CVS.	<p>Crop intended use is not available for the crop on CVS.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • use the hardcopy map and/or FSA-578 as a cross-reference to correct the intended use • if the intended use cannot be determined from the hardcopy map and/or FSA-578, the intended use shall be corrected the next time the producer visits the County Office.
Cannot find Tax Identification “xxxx” in SCIMS.	<p>TIN for the producer on the farm is invalid. This error could result from a change in farm records and/or SCIMS where the producer was deleted or merged.</p> <p>In such cases, the updated producers will be displayed to allow the shares to be adjusted accordingly.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • if the error resulted from a SCIMS merge, assign shares to the winning record, as applicable • if the shares cannot be determined, ensure that the shares are corrected the next time the producer visits the County Office.

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS (Continued)

D 2009 System 36 FSA-578 Migration Error Messages (Continued)

2009 FSA-578 migration error messages include, but are not limited to the following.

Message on the Migration Work List	Description/Corrective Action
Signature date must not be later than the current date.	<p>Signature date was not a valid data field in System 36. For migration, the signature date was automatically populated based on the report date populated by System 36. There are a few cases where the report date in System 36 is a future date.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • enter the certification date from the hardcopy FSA-578 as signature date in CARS • if signature date cannot be determined from the hardcopy FSA-578, ensure that the signature date is corrected the next time the producer visits the County Office.
Cannot find farm for program year, state, county, farm number.	<p>Farm is not available in Farm Records for the 2009 program year; therefore, FSA-578 for the farm is invalid.</p> <p>County Office shall:</p> <ul style="list-style-type: none"> • CLICK “Import Data” • error message, “Farm “xxx” not found in Farm Records for the selected county” will be displayed • CLICK “Delete” to remove the farm from the Migration Work List.

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS (Continued)

D 2009 System 36 FSA-578 Migration Error Messages (Continued)

2009 FSA-578 migration error messages include, but are not limited to the following.

Message on the Migration Work List	Description/Corrective Action
Planting date year cannot be later than the selected program year.	<p>Planting date entered exceeds the selected program year.</p> <p>Example: “Program Year” selected is 2009 and the “Planting Date Year” is 4-12-2011.</p> <p>County Office shall enter the applicable planting date for the 2009 program year. Producer does not have to recertify.</p>
Cannot find Tract Number “xxxx” in Farm Records.	<p>Tract is not available in Farm Records for the 2009 program year. Tract in CARS is invalid. Because no partial farms will be migrated into CARS for the 2009 program year, the farm will not be migrated.</p> <p>County Office shall delete the farm from the Migration Work List. After a farm is deleted from the Migration Work List it cannot be re-accessed. In such cases, FSA-578 data for the farm must be reloaded by accessing the farm by “producer” or “farm number” from the Acreage Report Search Screen.</p>

Notice CP-690

3 Migrating 2009 System 36 Farms in to 2009 CARS (Continued)

E Correcting 2009 System 36 FSA-578 Records with Errors

When applicable, County Offices shall use the hardcopy 2009 FSA-578 signed by the producer as a cross-reference to correct System 36 2009 FSA-578 records identified on the Migration Staging Data Screen. The information recorded in System 36 2009 FSA-578 **must** be an exact match to the information on the hardcopy FSA-578 signed by the producer. The producer will **not** be required to recertify.

County Offices shall **not**:

- record any information into System 36 2009 FSA-578 that is not on the hardcopy 2009 FSA-578 signed by the producer
- try to interpret how the 2009 FSA-578 information is to be recorded in System 36 2009 FSA-578.

No correction shall be recorded in CARS if the change is **not** available on the hardcopy 2009 FSA-578 signed by the producer. The information can be corrected and certified the next time the producer visits the County Office. In such cases, the farm will **not** be available in CARS for the 2009 program year until all errors are corrected.

If a farm is not listed on the CARS Migration Work List and the 2009 FSA-578 is being revised or a new 2009 FSA-578 is being created, the County Office shall follow current policy according 2-CP.

F Certifying 2009 System 36 FSA-578 Records After FSA-578 is Corrected and Successfully Migrated

After an erroneous FSA-578 record on the Migration Work List is corrected, it will be automatically uncertified when successfully migrated. In such cases, the migrated 2009 FSA-578 record **must** be recertified by accessing the farm by “producer” or “farm number” from the Acreage Report Search Screen.

Note: The CARS Farms with Uncertified Crops Report provides a list of farms with uncertified crops.

Notice CP-690

4 State and County Office Action

A State Office Action

State Offices shall:

- ensure that County Offices are immediately notified of the contents of this notice
- contact Jantrice Williams by either of the following for questions about this notice:
 - e-mail to **jantrice.williams@wdc.usda.gov**
 - telephone at 202-720-3637.

B County Office Action

County Offices shall follow procedure outlined in this notice to:

- access 2009 farms successfully migrated from System 36 to 2009 CARS
- access and correct erroneous 2009 FSA-578 records for farms that did **not** successfully migrate to 2009 CARS
- recertify corrected 2009 FSA-578 records after migration is complete.
