Notice CRP-1078

For: State and County Offices

FY 2026 Soil Rental Rate (SRR) Update

Approved by: Deputy Administrator, Farm Programs

1 Overview

A Background

Notice CRP-1065 provided procedure for determining FY 2026 CRP SRR's. Alternative rate proposals submitted by States and CREP partners were considered in establishing the FY 2026 CRP SRR's.

The final FY 2026 CRP SRR's have been approved by DAFP.

B Purpose

This notice announces that FY 2026 CRP SRR's:

- will be updated and available on February 12, 2026, and effective for CRP offers on or after February 12, 2026
- will be updated in Conservation SDMS - CRP Soil Database Management System
- will be posted using SRR posting reports in the Conservation Online System (COLS)
- are not appealable.

Disposal Date	Distribution
November 1, 2026	State Offices; State Offices relay to County Offices and CREP Partners

2 Updated SRR's

A Soil Productivity Index Range Adjustments

The Soil Productivity Index (SPI) has not changed from FY 2025 which includes only 3 soil productivity groupings (0.5, 0.75, and 1.0) and is applied to the County AVGRT (Average Rental Rate). The SPI is used in conjunction with the NRCS National Commodity Crop Productivity Index to align the county rental rate by soil productivity for each soil type. As a result, all SRR's have been updated regardless of whether the associated county-average rates changed.

For soils with SPI:

- 1.00 or greater, the FY 2026 SRR will be the posted County AVGRT rate
- less than 1.00, the FY 2026 SRR will be the posted County AVGRT rate multiplied by the soil-specific SPI factor.

B Calculating SRR

The following table illustrates the SRR calculation after applying the statutory limitation and SPI for general CRP.

State	County	County AVGRT	Map Unit Symbol	General CRP Signup - 85 percent	SPI	SPI Adjusted SRR 1/
Any State	Any County	$100	CR1	$85	1.00	$85
Any State	Any County	$100	PVa	$85	0.75	$64
Any State	Any County	$100	PVb	$85	0.50	$43

The following table illustrates the SRR calculation after applying the statutory limitation and SPI for continuous CRP.

State	County	County AVGRT	Map Unit Symbol	Continuous CRP Signup - 90 percent	SPI	SPI Adjusted SRR 1/
Any State	Any County	$100	CR1	$90	1.00	$90
Any State	Any County	$100	PVa	$90	0.75	$68
Any State	Any County	$100	PVb	$90	0.50	$45

1/ Rounded to whole dollars.

C Posting SRR and Effective Dates

The National Office will post the updated SRR's in Conservation SDMS on February 12, 2026. The FY 2026 CRP SRR's will be available on the FSA CRP statistics website at https://www.fsa.usda.gov/tools/informational/reports/conservation-statistics/crp.

Note: The FY 2026 SRR's will be effective for offers received beginning February 12, 2026.

3 Action

A State Office Action

State Offices will:

- follow the provisions of this notice
- ensure County Offices follow the provisions of this notice
- submit questions to Jim Williams, Conservation Support Branch Chief or Joy Alspach, CRP Program Manager.

B County Office Action

County Offices will:

- follow the provisions of this notice
- submit questions to the State Office
- by COB February 12, 2026, print and post the FY 2026 CRP SRR's in the County Office using the "Posting Report" option available in COLS according to 4-CRP, paragraph 150.
