**CRP Contract File Automation Changes --  
Removing Report "Display" Option and Replacing "Reprint" Options**

**Approved by:** Acting Deputy Administrator, Farm Programs

**1 Overview**

**A**

**Background**

Since Common Computing Environment printers do not support all functions currently used in the Advanced System 36, some CRP automation functions are being changed to allow compatibility with non-IBM printers.

**B**

**Purpose**

This notice advises State and County Offices of automation changes to the following software activities in the CRP Contract File:

- CRP reports
- letters
- CRP prepayment and payment reports
- CRP payments
- acreage reductions
- special corrections
- 1-year modifications/reverse modifications
- county signup data file
- purge CRP contracts reports.

<b>Disposal Date</b>  October 1, 2002	<b>Distribution</b>  State Offices, State Offices relay to County Offices

## Notice CRP-392

### 2 CRP Contract File Automation Changes

---

**A**

**Removing "Display"  
Option**

A future software release will remove the user's option to select a "display" view of reports in the CRP Contract File and 1-CRP (Rev 1) will be amended to reflect this change.

---

**B**

**Replacing Reprint  
Options in  
"Payment  
Activities" and  
"Purge CRP  
Contracts" Activity**

Printer Option Screen FAX46501 will replace the current "reprint" methods currently used in the CRP Contract File. This screen will provide the user the capability of placing the print job on "Hold", so it can be reprinted if necessary.
