

For: State Offices

**Poult Enteritis Mortality Syndrome (PEMS)**

Approved by: Acting Deputy Administrator, Farm Programs

**1 Overview**

**A**

**Background**

During the period since April 2000, several turkey contract growers were forced to depopulate their turkey houses for several weeks because of an outbreak of PEMS. PEMS is an intestinal infection that causes dehydration and high mortality in young turkeys. To end the disease, growers must depopulate their turkey houses and leave them empty for 2 growing cycles, or about 20 weeks.

Public Law 106-554 provides \$2 million to carry out a program for income losses as a result of PEMS sustained before April 30, 2001, by individuals who raise poultry owned by other individuals.

**B**

**Purpose**

This notice provides State Offices with:

- the Federal Register notice for PEMS (see Exhibit 1)
- projected signup dates for turkey contract growers with income losses resulting from PEMS.

**C**

**Procedure**

Procedure for processing applications will be provided in a future notice.

**Disposal**

July 1, 2001

4-10-01

**Distribution**

State Offices

## Notice DAP-100

### 2 Projected Signup for PEMS

---

#### A

##### Signup Dates

Signup for PEMS is expected to begin on May 1, 2001, and continue through May 15, 2001. Because of the limited number of contract growers that will be eligible, 2 weeks for signup should be sufficient.

---

#### B

##### Upload and Payments

Upload is scheduled for May 23, 2001, with payments expected to be issued June 1, 2001.

---

#### C

##### Growers' Documentation

When applying for benefits contract growers will need to provide the following documentation:

- number of birds that could not be grown because of the depopulation of turkey houses

**Note:** This information should be available from the turkey owner.

- proof from a veterinarian or qualified technician that the depopulation was because of PEMS.
-

## Notice DAP-100

### 3 State Office Action

---

#### A

#### **PEMS Losses in the State**

State Offices shall consult with Extension Service, State Universities, turkey processors, etc., to determine whether contract growers in the State suffered income losses because of the depopulation of their turkey houses because of PEMS.

If PEMS did not affect contract growers in the State, no further action is required.

---

#### B

#### **Informing County Offices of PEMS Signup**

If contract growers in the State have suffered income losses because of PEMS, the State Office shall notify affected counties with the following information:

- projected dates of signup and upload
- publicity necessary to inform eligible contract growers

**Note:** Many contract growers are not involved in other methods of agriculture and therefore may not be included on the FSA newsletter mailing lists.

- necessary documentation that growers will need when applying for benefits (see subparagraph 2 C).
-

**Notices**

Federal Register

Vol. 66, No. 61

Thursday, March 29, 2001

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

**DEPARTMENT OF AGRICULTURE**

**Commodity Credit Corporation**

**Poult Enteritis Mortality Syndrome (PEMS)**

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Notice.

**SUMMARY:** The Commodity Credit Corporation (CCC) is issuing this notice to inform all interested parties who were affected by turkey depopulation due to Poult Enteritis Mortality Syndrome (PEMS) in southwestern Missouri of the availability of assistance for such losses through Livestock Indemnity Program for Contract Growers (LIP-CG).

**FOR FURTHER INFORMATION CONTACT:** Sharon Biastock, (202) 720-6336.

**SUPPLEMENTARY INFORMATION:**

**Background**

During the period since April 2000, several turkey contract growers in the southwestern Missouri counties of Jasper, Newton, Barry, McDonald, and Barton, were forced to depopulate their turkey houses for several weeks due to an outbreak of PEMS. PEMS is an intestinal infection that causes dehydration and high mortality in young turkeys. To end the disease, growers must depopulate their turkey houses and leave them empty for two growing cycles, or about 20 weeks.

Section 806 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2001, Public Law 106-387, as amended by section 101(5) of H.R. 5666, Miscellaneous Appropriations Act, 2001, as enacted in the Consolidated Appropriations Act, 2001, Public Law 106-554, provides that the Secretary shall not use more than \$2 million to carry out a program for income losses as a result of PEMS sustained before April 30, 2001, by

individuals who raise poultry owned by other individuals.

**Purpose**

The purpose of this notice is to inform affected parties that to receive benefits, contract growers must file application CCC-661 and provide the necessary documentation showing the number of birds that were destroyed and the number that would have been raised if there had been no need to depopulate the turkey houses. Subject to the availability of funds under the \$2 million limit, applications will be accepted and approved using the same terms and conditions that apply to the Livestock Indemnity Program for Contract Growers (LIP-CG) that were published in the *Federal Register* on December 29, 2000, (65 F.R. 82892) revising 7 CFR Part 1439, Subpart E—Livestock Indemnity Program for Contract Growers with the following exceptions:

(a) Eligibility applies only to turkey contract growers who depopulated their turkey houses at any time during the period of March 1, 2000 through April 30, 2001 because of PEMS; and

(b) Presidential or Secretarial natural disaster declarations are not necessary.

Application for benefits due to PEMS for Jasper, Newton, Barry, McDonald, and Barton Counties in Missouri must be filed with the Farm Service Agency (FSA) in the local USDA Service Center servicing the county in which the affected turkey population is located no later than the final signup date yet to be determined by the Secretary but not before May 1, 2001.

Contract growers of turkeys affected by PEMS in counties other than Jasper, Newton, Barry, McDonald, and Barton of Missouri, may contact Sharon Biastock by May 1, 2001, for further guidance on applying for benefits.

After all applications are received, final eligibility determinations will be made. To the extent that eligible claims exceed the \$2 million available, the agency will apportion the claims accordingly.

Signed at Washington, DC, on March 22, 2001.

**James R. Little,**  
*Acting Executive Vice President, Commodity Credit Corporation.*

**Forest Service**

**Information Collection; Request for Comments; Health Screening Questionnaire**

AGENCY: Forest Service, USDA.

ACTION: Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Forest Service announces its intention to establish a new information collection. The collected information will enable the Forest Service to evaluate current employees, who are seeking certification or recertification for firefighter positions, as well as individuals, who are applying for firefighter positions, to determine if they meet the qualifications to safely perform assigned duties as a Forest Service firefighter.

**DATES:** Comments must be received in writing on or before May 29, 2001.

**ADDRESSES:** All comments should be addressed to Wini Sorensen, National Safety Officer, National Interagency Fire Center, Forest Service, USDA, 3833 South Development Avenue, Boise, ID 83705-5354.

Comments also may be submitted via facsimile to (208) 387-5398 or by email to wsorensen@fs.fed.us.

The public may inspect comments received at the National Safety Office, National Interagency Fire Center, Forest Service, USDA, 3833 South Development Avenue, Boise, Idaho, from 8 a.m. to 4:30 p.m. Monday thru Friday MST.

**FOR FURTHER INFORMATION CONTACT:** Wini Sorensen, National Safety Officer, at (208) 387-5102.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Protection Act of 1922 (16 U.S.C. 594) authorizes the Forest Service to fight fires on National Forest System lands.

Individuals must complete the Health Screening Questionnaire (HSQ) when seeking employment as a new firefighter with the Forest Service or recertification as a Forest Service firefighter. Forest Service employees will evaluate the collected information to determine if the individual seeking certification or recertification may begin a physical
