3 County Office Action

A Action

County Offices shall ensure that the following actions are taken before the applicable programs application closing date:

- **all** application data is loaded in the system

Notes: This includes applications that:

- are in appeal status
- were filed on manual application and have not been loaded in the system
- have been disapproved by COC.

The payment software for CDP, LAP, and AILFP is designed to determine the most beneficial year based on the program provisions. County Offices shall take action on all applications filed and record the approval or disapproval in the automated system, as applicable.

- subsidiary files, especially for 2003, are updated properly for joint operations, entities, combined producers, payment limitation allocations, and eligibility data by September 16, 2005
- farm maintenance files, especially for 2003, are updated properly by September 16, 2005.
