Extending Date to Provide Production Certification for ACRE

Approved by: Acting Deputy Administrator, Farm Programs

1 Overview

A Background

1-DCP (Rev. 3) states that the final date to provide a production certification for the ACRE Program is July 15th of the subsequent crop year.

County Offices are facing workload issues across several program areas.

B Purpose

This notice provides notification that the final date to accept producer’s certification for the ACRE Program for 2010 **only** has been extended.

2 2010 Production Reporting Deadline

A Extension of Deadline

The deadline for a 2010 production certification to comply with the ACRE provisions for production reports has been extended to **COB September 1, 2011**. Because of this extension, using a register on September 1, 2011, is **not** authorized.

Note: The extension is for completing **both** the farm benchmark yield (2005 through 2009) and the actual farm yield (2010).

B County Office Action

County Offices shall ensure that the revised deadline for the 2010 production reporting is adequately publicized by all available means.
