**A Background**

Under provisions of the Federal Agriculture Improvement and Reform Act of 1996, as amended, 1996 and subsequent crop year commodity loans will accrue interest at a rate 1 percentage point higher than the CCC borrowing interest rate.

CRP and loan deficiency overpayment refunds, where the interest rate is based on the CCC borrowing rate in effect on the day the overpayment was made, will continue to accrue interest at the CCC borrowing interest rate.

FSFL and SSFL Program loans will accrue interest at an interest rate equivalent to the rate of interest charged on Treasury Securities of comparable maturity.

TTPP payments can be transferred to a third party for a lump sum payment provided that the value discounted in the exchange is less than the maximum discount rate authorized according to regulations at 7 CFR 1463.111.
