**Program Codes for Establishing Assignments and Joint Payments for DCP, ACRE,  
and Agricultural Disaster Relief Trust Fund Programs (Disaster Trust Fund Programs)**

**Approved by:** Acting Associate Administrator for Operations and Management

**1 Overview**

**A Background**

The Farm Security and Rural Investment Act of 2002 (Pub. L. 107-171) provides direct and counter-cyclical payments to producers on farms. The Food, Conservation, and Energy Act of 2008 (Pub. L. 110-246) authorized the program for crop years 2008 through 2012. The Food, Conservation, and Energy Act of 2008 also allowed producers an opportunity to make an irrevocable election to participate in the ACRE program and receive reduced direct payments and ACRE payments instead of counter-cyclical payments. The Trade Act of 1974 (Pub. L. 93-618) established the Trust Fund. The following 5 new Trust Fund programs were created by the Food, Conservation, and Energy Act of 2008:

- LIP
- LFP
- Emergency Assistance for Livestock, Honey Bees, and Farm-Raised Fish Program (ELAP)
- TAP
- Supplemental Revenue Assistance Payments (SURE) Program.
