**Notice FI-3464**

**For:** State and County Offices

**July 2025 CCC Commodity Loan, MAL, FSFL, and SSFL Interest Rates**

**Approved by:** Administrator

**1 Overview**

**A Background**

Under the provisions of the Federal Agriculture Improvement and Reform Act of 1996, as amended (7 U.S.C. 7283), 1996 and subsequent crop year commodity loans will accrue interest at a rate of 1 percentage point higher than the CCC borrowing interest rate.

The CRP and loan deficiency overpayment refunds will continue to accrue interest at the CCC borrowing interest rate whenever the interest rate is based upon the CCC borrowing rate that was in effect on the day the overpayment occurred.

The FSFL and SSFL program loans accrue interest at an interest rate equivalent to the rate of interest charged on Treasury securities with comparable maturity.

The CCC's borrowing interest rate as of January 1 for all outstanding CCC loans of any year will be adjusted to reflect CCC's cost of borrowing funds from the U.S. Treasury as of such date, plus 1 percent. CCC will announce the interest rates applicable to CCC loans, which will remain effective until the loan is either repaid, forfeited, or the succeeding January 1.

**B Purpose**

This notice announces the CCC programs' various interest rates for July 2025.
