

For: FSA Offices

Management of Agricultural Credit (MAC) and Direct Loan Making (DLM) System Updates

Approved by: Acting Deputy Administrator, Farm Loan Programs

1 Overview

A Background

Farm Loan Programs Risk Assessment uses data gathered from Web AgCredit, MAC workload scheduling (WLS) items, and DLM in calculating various risk assessment elements.

B Purpose

This notice requires:

- State and County Offices to enter applicant/borrower data into MAC Loan Servicing, Web AgCredit, and DLM
- that National Office standardized WLS codes are used in MAC Loan Servicing.

C Contact

State Offices shall direct questions about this notice to Polly Anderson, Guaranteed Loan Servicing and Inventory Property Branch, LSPMD, at 202-720-2558.

D SED Action

SED's shall ensure that offices continue to use MAC Loan Servicing, Web AgCredit, and DLM to track farm loan actions. All information entered into these systems **must** be updated no later than September 30, 2008.

Disposal Date	Distribution
January 1, 2009	All FSA Offices; State Offices relay to County Offices
