Universal Telecommunications Network (UTN) Project

Approved by: Deputy Administrator, Management

1 Updates on UPN

A Background

Notice IRM-369 provided information on the Universal Telecommunications Network (UTN) Project and its status.

Progress is being made to implement UTN in several FSA Field Offices. The UTN web site, <https://iod.sc.egov.usda.gov>, is being used to track the implementation schedule and contains contact information. To access this information, CLICK “UTN Project” under “Major Projects.”

B Purpose

This notice informs FSA Employees that the UTN web site is updated daily as implementation progresses. Employees should check the web site frequently to monitor the progress at your location(s). Field Office employees are advised to resolve any scheduling issues at the local level, if possible. Any issues that **cannot** be resolved out at the local level should be referred to the contact listed in subparagraph C.
