

For: All FSA Employees

Obsoleting Notices IRM-380 and IRM-384

Approved by: Deputy Administrator, Management

1 Obsoleting IRM Notices

A Background

Notice IRM-380 was issued to provide instructions for obtaining eAuthentication credentials for employees when emergency/immediate access to protected resources was required. After publication of this Notice, OCIO informed FSA that this process would **not** be available.

Notice IRM-384 was issued to schedule access to FSA web-based applications in an attempt to improve system performance and make office hours more productive. Scheduled access has proven to be ineffective in improving system performance. Therefore, offices are authorized to access web-based applications as needed.

B Purpose

This notice obsoletes Notices IRM-380 and IRM-384.

C Contact

Direct any questions about this notice to Louis Iacoletti, ITSD, by either of the following:
