

For: State and County Offices

New Approved Honey Storage Container

Approved by: Acting Deputy Administrator, Farm Programs

1 Acceptable Storage Containers

A

Background

Several requests have been received about the packaging requirements for honey in Notice LP-1672, subparagraph 3 D.

B

Purpose

This notice informs State and County Offices that honey is eligible for recourse loans, if packaged in either of the following:

- plastic intermediate bulk container (IBC)
- metal container, according to the requirements in Notice LP-1672.

C

Description of IBC

IBC is a bulk container which:

- has a polyethylene inner bottle with a galvanized steel protective cage
- is available in a 275 and 330 gallon capacity
- is reusable
- is collapsible.

D

County Office Action

County Offices shall immediately publicize, by any means available, the contents of this notice.
