

For: State and County Offices

**Clarifying Notice LP-1835**

Approved by: Acting Deputy Administrator, Farm Programs

**1 Submitting Final Production Evidence**

**A**

**Background**

Notice LP-1835 reminded State and County Offices of policies and procedures for:

- accepting production evidence that includes a moisture content
- using paid measurement service as production evidence.

The policies for using paid measurement service as production evidence included in Notice LP-1835, subparagraph 3 B included incorrect policy about when acceptable production evidence is required when a loan or LDP is randomly selected for spot check.

**B**

**Purpose**

This notice provides correct policy for submitting acceptable production evidence when a loan or LDP is randomly selected for spot check.

**C**

**Correct Policy**

When a loan or LDP is randomly selected for spot check, the producer must submit final production evidence according to 8-LP, subparagraph 537 A. If the producer fails to submit production evidence according to 8-LP, subparagraph 537 A, then follow procedures in 8-LP, subparagraph 537 B.

**Note:** Offices shall follow the policy in 8-LP, paragraph 537 for submitting production evidence and **not** the information in Notice LP-1835, subparagraph 3 B.
