2016 NAP Application for Coverage

Approved by: Deputy Administrator, Farm Programs

1 2016 NAP Application for Coverage

A Availability of 2016 NAP Application for Coverage

2016 NAP Application for Coverage software will be available on or about May 27, 2015. Initially, the 2016 NAP Application for Coverage software will use 2015 NCT records until 2016 NCT is available and a majority of the records are approved.

Notes: As part of the 2014 Farm Bill changes first implemented in the 2015 NAP Application for Coverage software, the 2016 NAP Application for Coverage software will continue to use only **approved** NCT records.

To provide correct Application Closing Dates when accessing the 2016 NAP Application for Coverage software, one year will be automatically added to the Application Closing Dates received from the 2015 NCT.

B Loading Manual CCC-471's

CCC-471's taken manually shall be entered into the 2016 NAP Application for Coverage software as soon as possible. Crops with application closing dates that have already passed will be marked ineligible but can be overridden by the State Office administrative user. See 3-NAP, paragraph 97 for additional information on the "Override Crops Eligibility" feature.

C Action

County Offices shall:

- widely publicize, by cost-effective means, the importance of **timely** applying for 2016 NAP coverage
- process any previously accepted manual 2016 CCC-471's according to this notice
- use the automated 2016 NAP Application for Coverage software for any further 2016 NAP Applications for Coverage received.
