Updating 2008 Adjusted Gross Income (AGI) Web Eligibility

Approved by: Acting Deputy Administrator, Farm Programs

1 Updating 2008 Web Eligibility for AGI

A Background

Notice PL-175 provided clarification of average AGI certification requirements.

B Purpose

This notice provides clarification for when 2008 web eligibility for AGI is required to be updated.

C County Office Action

AGI web eligibility shall be updated when the producer certifies to 2008 AGI provisions by filing 1 of the following according to 3-PL, paragraph 31:

- a new CCC-526 (06-12-08) for program year 2008
- statement by certified public accountant or an attorney.

Note: During the 2008 rollover process, 2007 AGI values present at that time were populated to the 2008 AGI values. **Before** issuing payments, counties shall verify that 2008 AGI web eligibility is updated with the correct values.

An update to AGI web eligibility is **not** required when the producer has filed both of the following:

- CCC-526 in a previous year
- CCC-509 (06-20-08).

Note: By acknowledging receipt of CCC-509 Appendix (06-20-08), the producer certifies that there has **not** been a material change in the AGI that would affect eligibility.

Disposal Date	Distribution
January 1, 2009	State Offices; State Offices relay to County Offices
