

For: FSA, RMA, and FAS Employees

**Announcing 2004 Government Employees Insurance Company (GEICO)
Public Service Awards**

Approved by: Deputy Administrator, Management

1 Overview

A Background

FFAS has been invited to submit nominations for the 2004 GEICO Public Service Awards Program.

GEICO was founded in 1936 to serve the insurance needs of Federal employees. Even though GEICO now serves the general public, GEICO has maintained its relationship with Federal employees, recognizing the special qualities of these individuals.

Throughout this long-standing association, GEICO has observed the many accomplishments of Government employees. There are now nearly 3 million Government workers providing a variety of services to the citizens of this nation. These employees are:

- making a tremendous difference in the quality and efficiency of services
- responsible for the success of many scientific, medical, and technical programs.

In 1980, the GEICO Public Service Awards Program was established to emphasize GEICO's belief that contributions of many hardworking, talented Government employees are deserving of special acclaim. GEICO Philanthropic Foundation sponsors and grants the awards.

It also recognized that, upon retirement, many Federal employees continue to be involved in worthwhile activities in the private sector through a new career or by volunteer work.

Disposal Date	Distribution
