

For: State and County Offices

Advertising CO Temporary Vacancies for Food, Conservation, and Energy Act of 2008

Approved by: Deputy Administrator, Management

1 Vacancy Announcement Timespan Reduction

A Background

Because of the continued demands of implementing the Food, Conservation, and Energy Act of 2008, it is recognized that in many County Offices, full-time employees need additional temporary employees to help meet the additional workload. State Offices may hire additional CO temporary employees, as authorized by DAFO.

B Purpose

This notice informs State and County Offices that because of the critical situation of quickly hiring temporary employees to meet the demands of implementing the recent Farm Bill programs, a reduction in the minimum length of vacancy announcements for **temporary** CO vacancies from 2 weeks to 1 week (5 workdays) is authorized for vacancies announced through August 31, 2009. This applies **only** to CO temporary positions **specifically** authorized by DAFO to implement any of the applicable Farm Bill programs and temporary employment shall **not** exceed September 30, 2009.

C Publicizing Vacancies

State and County Offices shall follow guidelines in 27-PM, subparagraph 457 B about publicizing vacancies.

D Contact

If there are questions about this notice, State Offices shall contact Pat Hunter at 202-401-0432.

Disposal Date	Distribution
October 1, 2009	State Offices; State Offices relay to County Offices
